# AMERICAN DIPLOMAT ARRESTED IN DUBLIN

James M. Sullivan, Once  
Minister to San Do-  
mingo Accused of Mix-  
ing in Irish Rebellion

## SIR ROGER CASEMENT GUILTY OF TREASON

Round-up of Rebels  
Goes on, and Food  
Shortage Situation  
Is Being Overcome

LONDON, May 4.—James M. Sullivan of New York, formerly American minister to Santo Domingo, has been arrested in Dublin on the charge of complicity in the Irish rebellion.

Sullivan sailed from New York last July for Liverpool with his wife and son, saying he was going to Limerick, Ireland, to visit his mother. He said he expected to be back in New York by September 1. Shortly before he sailed Sullivan was asked to resign his post as minister to the Dominican Republic, as the result of an investigation conducted by a commission headed by Senator Phelan of California, which was taken by the commission during the investigation into Santo Domingo was to the effect that the minister was interested in contracts in which other Americans were concerned. No evidence was found that he had profited.

The commission appointed by the State Department found he had been guilty of indiscretions which unfitted him for his place. On July 23 it was announced that he had resigned.

Sullivan had been a lawyer for Jack Rose, one of the gamblers in the Rosenthal case. His appointment as minister was made by Governor Bryan, who was looking for a place for him, wrote Receiver General Vick in the Dominican Republic asking "what position you have at your disposal with which to reward deserving Democrats."

Sullivan was exonerated once by Secretary Bryan, but the charges against him would not down and a second investigation resulted in his resignation. Sullivan was born in Kilmaree, Ireland, in 1873.

**MAY ESCAPE DEATH**  
LONDON, May 4.—Sir Roger Casement, who went from Germany to Ireland in an attempt to lead the rebellion there, was tried on a charge of high treason a few days ago, it was officially announced today. Baron Reading presided. Unless Casement escapes death by pleading insanity, he will be executed by being hanged with a silken rope, an ancient "privilege" accorded British noblemen found guilty of crimes against the crown.

Sir Edward Carson and John Redmond, Irish leaders, have jointly appealed for mercy for the Irish rebel who fought in the ranks. It is believed that a majority of the Sinn Féin members will be lightly sentenced and that a few will be deported.

A despatch to the Evening News reported that the Dublin hospitals filled and that the bodies of 185 victims had been counted in them. This includes 66 soldiers, 122 rebels and civilians. In the morgues, said the despatch, there are 300 bodies, some of them unrecognizable.

**CONNOLLY NOT DEAD**  
James Connolly, also reported executed, is not dead. He is in prison, severely wounded.

The only protest voiced in Parliament against the execution of Thomas J. Clark, Thomas McDonagh and

## Death Ends Act of Gallant Boy Hit by Auto Carrying Gift to Girl

TACOMA, Wash., May 4.—One of two childhood rivals for the admiration of a little girl of Loveland, lies dead today as the outcome of a friendly tussle over a bouquet of purple flowers that the victor was to present to the little girl. George Elliott, aged 9, with a joyful cry of victory on his lips, ran out on the highway at Loveland with the coveted wild flowers and was struck and instantly killed by an automobile.

George and his rival of the same age had agreed that "she" should be presented with a bouquet. The two would wrestle for the honor of presentation. The flowers were picked and thrown to the ground and the friendly contest began. Companions cheered their favorite. George finally jerked the flowers from his rival and darted across the highway. Cheers suddenly changed to cries of grief as the children saw George hurled to death by the automobile. The little girl did not witness the combat or its fatal ending.

# CHIEF WOODS RESIGNS--OUT MAY 15 NEW HEAD OF FORCE NOT YET CHOSEN PETERSEN WILL ACT DURING INTERIM

COMMISSIONER F. F. JACKSON, WHO WILL PERMIT CAPTAIN W. J. PETERSEN (CENTER) TO ACT AS CHIEF AFTER WILLIAM F. WOODS (RIGHT) RESIGNS MAY 15.

## DR. JACKSON DENIES CHANCE TO RECONSIDER

Withdrawal Presented for  
Third Time, Accepted as  
Final.

Chief of Police William F. Woods placed his resignation in the hands of Commissioner F. F. Jackson last Friday evening, to take effect May 15, it was announced today. On two former occasions he had tendered his resignation to Commissioner Jackson, and had it handed back to him with the recommendation that he reconsider.

"I made up my mind that if he handed in his resignation a third time it would be accepted," said Dr. Jackson today.

Dr. Jackson refused to make any statement about the resignation, other than that he would not ask Woods to reconsider a third resignation.

"You have enough information to write a story without coming to me," said Dr. Jackson. "I am not ready to make any announcement. Your information is pretty authentic, though."

"Did Woods try to get his resignation back again after he had given it to you?" Dr. Jackson was asked.

"Oh, well now, that's something I don't think you should ask me," said the commissioner.

"Who is to be chief in Woods' place?"

"I will say that at this time I have no definite choice. I shall let the matter stand for a time, while I am considering."

**PETERSEN GOES IN?**  
The charter automatically provides that the captain of inspectors shall be acting chief of police during the absence of the chief, or a vacancy. I shall let the charter operate, so that Petersen will be acting chief until I have made up my mind."

"I told Woods before he resigned, it was learned today. The resignation signed by Woods last Friday set forth in some detail certain matters which Woods later considered inadvisable for him to have subscribed to. He told his friends about it, and was advised to ask permission to withdraw the original resignation and to sign a new one, saying merely that he wished to resign."

**DENIES RESIGNATION.**  
Woods denied that he had tendered his resignation today when asked for a public interview on the subject. When pressed in the matter, he refused to discuss the affair at all.

"I do not know how long I shall be chief," Woods told the men of the police department at the meeting Saturday after the police review. The words were taken as significant, and they took on an added significance when the officer of which Woods was head, presented for a new board of control of the Police Department. Woods' resignation was not accepted.

Woods went down to defeat by a ticket headed by the police department, and about the city hall that was rumored about Woods' fate as chief of police, as it showed a certain defection from him on the part of the rank and file of the police department.

## Grain Confiscation Causing Starvation

BERLIN, May 4.—"Despatches from Athens state that representatives of the entente allies at the island of Corfu have confiscated grain destined for Northern Greece," the Overseas News Agency says. "In consequence, there is famine in Epirus and cases of death by starvation are reported."

## Gertrude Lamson Again on Stand Girl Tells Old Story in Slaughter Case

OROVILLE, May 4.—The cross-examination of Gertrude Lamson, 15, accused of Rev. Madison Slaughter, was continued today by the defense, which is attempting to impeach her former testimony before the grand jury prior to the voting of the indictment.

The interrogation caused the girl to give alleged details of offenses which she claims occurred in a barn and in a spare bedroom of the pastor's home.

Deputy Attorney-General J. Charles Jones is assisting the prosecution.

## DIVER REPLY EVASIVE, IS CONVICTION

BERLIN, May 4.—The German reply to the American submarine demands was handed to Ambassador Gerard this afternoon. Considerable perturbation is expressed over the effect which concessions may have on public opinion here.

Dr. von Bethmann-Hollweg, the imperial chancellor, undoubtedly will have the great mass of the people with him in a desire to avoid a breach in the diplomatic relations with the United States so far as can be done without sacrificing the principle announced in the German manifesto of February 5.

WASHINGTON, May 4.—The uncertainty as to the time when the German reply to American submarine demands will be despatched to Washington raised new doubts here today as to the document's contents. Either direct compliance with American wishes or evasion of the issue is expected.

By the latter is meant temporizing and raising negotiable issues while the document is being considered. The latter method has actually been stopped for the present.

The time taken in framing the reply aroused a belief among officials here that a temporizing message would be most likely. Others think that the effort to frame a reply directly complying with the demands, but not arousing too much feeling in Germany is the explanation of the delay.

President Wilson and Secretary Lansing conferred last night. If the German reply falls to meet squarely the administration's demands it will be deemed unsatisfactory. It was stated that the President had not wavered in his determination that Germany acquiesce completely.

German officials here said that if Germany agrees on the question of principle it only remains to determine the "method" of warfare upon which the governments can agree.

Secretary Lansing announced late today that he had received a despatch from Ambassador Gerard containing indications of what the ambassador believed would constitute Germany's reply to the American note on submarine warfare.

Secretary Lansing declined to make public the despatch or any part of its contents or to say what the indication was on the ground that the despatch was highly confidential.

The communication was received by the secretary and was immediately sent to President Wilson. Secretary Lansing said it was not certain that Ambassador Gerard's deductions were accurate, as he had not seen the text of Germany's reply.

Secretary Lansing said that a despatch from Ambassador Gerard dated yesterday said the ambassador expected to receive today the German reply to the American note.

## ARMY OFFICERS DEFENDANTS IN SENSATIONAL SUIT

Army and Navy News Stock  
Plunged Into Court  
Litigation.

SAN FRANCISCO, May 4.—Many sensational allegations are made in a suit filed in the Superior Court today by Alex. N. B. Muir, a stockholder of the Army and Navy News, against a number of defendants who control a majority of the publication's stock. The charges misappropriation of \$15,000, fraudulent issues of 5000 shares of stock and fraudulent credits to the extent of \$7500 on the corporation's books. Among the defendants are several army and navy officers. The defendants are alleged to have conspired to control a majority of the company's board of directors. The plaintiff demands an accounting of money and stock allegedly fraudulently appropriated and for damages for the charged mismanagement of affairs.

The defendants are: Arthur Wheeler, H. H. Dempsey, M. L. Wheeler, Norman Benson, Edna M. O'Brien, the Army and Navy News Publishing Company and the H. H. Dempsey Company. It is charged that the defendants control a majority of the stock of the Army and Navy News, which is a San Francisco publication. Among the other stockholders are:

**MANY ARMY MEN.**  
Major General Arthur Murray, Rear Admiral C. F. Pond, Rear Admiral A. A. Gove, Commodore H. H. Hull, Major Sidney Cloman, Major K. I. Hamner, Lieutenant Colonel J. H. Gardner, Lieutenant Colonel H. Noble, Lieutenant Colonel T. H. Reed, Major J. L. Knowlton, Captain Asher C. Baker, Colonel L. T. Waller, Captain F. W. Bennett, Mrs. Minnie L. Wheeler, Mrs. Gladys Bowen, G. W. A. Wuest, Major G. W. A. Wuest.

In his complaint Muir set forth that Wheeler, Dempsey and those associated with him have converted to their own use \$15,000 of the company's funds and that they created a false indebtedness in favor of the H. H. Dempsey Company to the amount of \$7500. It is further charged that the defendants fraudulently claim ownership of 15,000 shares of the stock of the Army and Navy News, whereas the total outstanding stock of the corporation does not exceed 10,000 shares. Muir charges that 5000 shares have been fraudulently issued without any monetary consideration.

**OFFICE BOY ELECTED.**  
Norman Benson, an office boy, it is alleged, was fraudulently elected to succeed Commodore Bull when the latter resigned from the directorate. The directors are accused of fraudulently relinquishing to Dempsey an agreement made with Major General Murray to conduct and manage last year's military ball in the Municipal Auditorium.

The plaintiff demands an accounting and damages.

Dempsey is well known here as secretary of the Press Club, and, together with Wheeler, organized the Pacific Coast Defense League.

## Page Believes Peace Is Still Far Away

WASHINGTON, May 4.—Thomas Nelson Page, American ambassador to Italy, who saw President Wilson today, said he saw no immediate prospect for peace in Europe, but believed that when peace came it would be sudden, just as the war was begun. He thought peace would follow a great victory. He did not think that efforts to mediate would be welcomed at this time.

**BRITISH SEIZE MAIL.**  
BERLIN, May 4.—The Overseas News Agency announced that the Scandinavian-American liner, Frederick VIII was held up at Kirkwall by a British patrol boat and her three-class American mails, consisting of 2000 bags, were taken off. The Frederick VIII was on her way from New York to Christiania.

**FRENCH GREET RUSSIANS.**  
MARSEILLES, May 4.—Another contingent of Russian soldiers arrived here this morning and was received with notable military and popular rejoicings. The troops proceeded to the camp at Mirabeau.

## GERMANY TO SEEK PEACE, SAYS RUMOR

Civilians Flee Metz; May  
Abandon Siege of  
Verdun

Lloyds' and Stock Mar-  
ket Effected by Re-  
cent Events

LONDON, May 4.—Reuters' Amsterdam correspondent telegraphs that information which is regarded as trustworthy has been received there that Metz is being evacuated by the civil population.

Metz, the capital of Lorraine and a city of about 60,000, is rated as one of the strongest fortresses in the world. It is about fifteen miles north of the fighting line and forty miles east of Verdun.

NEW YORK, May 4.—Rumors that Germany is putting out feelers through the United States for preliminary arrangements looking toward peace are prevalent on the Stock Exchange today. The cotton market has been particularly impressed by the rumor, both here and in New Orleans. Cables from Amsterdam are mainly responsible for the feeling that the rumor is well founded.

It is pointed out that the announcement that the civilian population is evacuating Metz, indicates that Germany is to abandon her attack on Verdun and fall back upon Metz for a possible last stand on the west front.

LONDON, May 4.—Indicating a belief that the war is beginning to draw toward its close, Lloyd's today posted new insurance rates, wagging only 1 to 2 that the war will not end before December 31. The rate insurance guarantees against loss if the war ends by the close of the year has been advancing steadily for several weeks. It is now almost prohibitive.

BERLIN, May 4.—It is officially advised that the French have obtained a foothold in one of the German advance posts south of Dead Man's Hill. Enemy aeroplanes bombed Ostend without doing any damage. It was officially announced today. One of the raiding flyers was brought down.

PARIS, May 4.—The advance of the French in the district of Dead Man's Hill yesterday the statement says two Germans surrendered, stating they were the sole survivors of the men in their trench.

West of the west of the Meuse there was active fighting with artillery. An engagement with grenades occurred in Avocourt wood.

Near Vaux, east of the Meuse, there was an artillery encounter.

French artillery destroyed a munitions depot at Grande Dune, Belgium.

**FRAUD ALLEGED  
IN COUNCIL, BUT  
RECORDS GONE**

LOS ANGELES, May 4.—Investigation of an alleged mutilation of public records was begun today as the result of charges made last night at a city council investigation by Jesse D. Burks, municipal efficiency director, that John Toppam, chairman of the council public works committee, participated in a "crooked deal."

A page of motor truck specifications for a sprinkling contract, Burks alleged, was torn from the records yesterday. The page was missing when Burks opened the specifications to show that specifications claimed to have been written in Toppam's office were drawn up in the office of a truck company and that the specifications, intended to be for "open bidding," in fact eliminated from competition all trucks except those made by the firm in question.

When Councilman Toppam apologized as a reply to Burks, Burks asked a section providing for the forfeiture of office and prosecution of any official proved to have been interested pecuniarily in city contracts or to have voted on such contracts.

Councilman Toppam issued a statement which read: "I am not starting things I don't intend to finish or cannot substantiate."

## Slayer of Three Is Sentenced to Death

VENTURA, Cal., May 4.—Louis A. Fortney was sentenced today to be hanged at San Quentin penitentiary July 21 for the murder of his employer, Peter Furrer, Mrs. Furrer and their 10-month-old daughter, Mary, near Oxnard.

## Women Wreck Homes, Says She Many Times Married, Mrs. Seibt Talks

"The weapons with which men wreck homes and break hearts are fashioned by the slovenly dress, the colorless talk and the leniency of women. Don't be too lazy to 'toll up.' Climb on top of the bridge of meanness the first thing in the morning and stay there all day."

This is the advice of Mrs. Mary Nichols, Smith-Barrett, Seibt, who, after several ventures in matrimony, has obtained an annulment of her last marriage on the ground that the prior marriage had been contracted before the expiration of her interdictory decree period.

**"DOLL UP" FOR HIM.**  
Mrs. Seibt, who stated that she does not contemplate further matrimony, has this to say to those who are involved in the meshes of Cupid and who may become June brides:

"If the sea-weeds of dissension and selfishness get in your course after your initial dive, don't wait until they grow into a jungle before snatching them out."

"Men are third-handers. Season your compliance with the spice of evasion. It is better both for him and for you that his socks are undarned than that your fingers are pricked."

"Put yourself first and the home second. Revitalize your wardrobe before you wash the parlor curtains."

"The time to stop discord is before it is struck."

**RULES FROM EXPERIENCE.**  
"Put your foot down on the first misbehavior. If you wait for the third or the fourth, the boot of Hercules will not be big enough to stamp them out."

"Don't be too proud to fight, but be too wise for it unless your love can be proved in the row."

"If you think the game is worth the candle, go ahead," she continued. "Men are not to blame because women do not know, until too late, how to manage them. They enter the battle eager to be conquered, and they can't help feeling contempt at the inefficiency of their would-be subduers."

## FINAL DECISION IN MEXICAN CASE IS NOT REACHED

Belief Expressed Rehabilitation  
Part of Tentative Agree-  
ment Plan.

WASHINGTON, May 4.—After a conference with President Wilson Secretary Baker said that no announcement on General Scott's report was ready, but that the President might issue a statement later. He indicated that the decision on the points had not been reached, but that General Scott would be informed so that he might have another conference with General Obregon.

EL PASO, May 4.—American aid in rehabilitation, Mexico is expected to follow ratification of the pact between General Hugh Scott and General Alvaro Obregon. Both Obregon and Scott were silent today, awaiting advice from Mexico City and Washington. Apparently developments indicated that more than military matters were discussed at Tuesday's conference.

The authorities believed that an

## FRAUD ALLEGED IN COUNCIL, BUT RECORDS GONE

LOS ANGELES, May 4.—Investigation of an alleged mutilation of public records was begun today as the result of charges made last night at a city council investigation by Jesse D. Burks, municipal efficiency director, that John Toppam, chairman of the council public works committee, participated in a "crooked deal."

A page of motor truck specifications for a sprinkling contract, Burks alleged, was torn from the records yesterday. The page was missing when Burks opened the specifications to show that specifications claimed to have been written in Toppam's office were drawn up in the office of a truck company and that the specifications, intended to be for "open bidding," in fact eliminated from competition all trucks except those made by the firm in question.

## Delinquent Taxes Are Being Paid

James B. Barber, county tax collector, reported today that inclusive of April 24, when the last installment of taxes became due, he had collected a total of \$3,378,870.90, that there is a delinquency for the fiscal year amounting to approximately \$156,584.15. He stated that payments on the delinquencies are constantly coming in and that the delinquent amount will be materially reduced before the date of the tax sale, which will take place the latter part of June.

The total amount of taxes charged was \$3,435,264.33. While the total amount of delinquency is slightly greater than last year, the final results will probably bring the amount down to normal, according to Collector Barber.

## Many Millions Are Needed for Navy

WASHINGTON, May 4.—It would cost \$204,012,179 to bring the United States navy to the equal of Germany's, according to estimates laid before the House naval committee by the navy general board today.

# HEYER BEER BRAND SOLD BY LAVIN TO INDIGENTS

Supervisor's Brewery  
Sells Beverage to San  
Lorenzo Saloon, and  
There They Drink

## SENSATION SPRUNG IN INFIRMARY CASE

Inquiry, Forced to New  
Hearing, Divulges  
New Information Con-  
cerning the Resort

Supervisor Fred W. Foss, who, shaggleheaded, is seeking to force the Board of Supervisors to conduct an investigation of the management of the County Infirmary and Hospital, caused a sensation at a meeting of the board today when he drew the admission from John Lavin, San Lorenzo saloonman who is under fire for supplying liquor to infirmary inmates, that he sold beer manufactured by the company of which Supervisor Charles W. Heyer is president.

Today's meeting was the most acrimonious gathering of the supervisors in years. Foss, without assistance, is seeking to establish the fact that Lavin makes a business of selling liquor to inmates of the county infirmary. Up to press-time the only material result of his efforts to compel an investigation was the adoption of a resolution by the four other members of the board, ordering that Frank McQuig, his chief witness, be hereafter confined to the infirmary, virtually a prisoner.

**WITNESS NOT THERE.**  
The entire meeting bristled with personalities. It is continuing this afternoon because William Brannin, boss of the infirmary, had not been brought into the city to testify. Foss demanded his appearance, and an automobile was sent for him. He will testify as to his having had more than a dozen drinks in Lavin's saloon purchased for him by inmates of the infirmary. Brannin gave this testimony at the infirmary investigation against the infirmary management last week.

Throughout the hearing this morning District Attorney W. H. L. Hynes, his deputy, T. P. Wittchen, Chairman of the Board D. J. Murphy and Supervisors J. M. Kelly, John F. Mullins and Edward W. Heyer, gave this testimony. In these affidavits they took cross-questioning and seeking to break down the testimony introduced by Foss. The word "lie" was passed on two different occasions. On each occasion it was directed at Foss. All concerned bristled with anger at different times throughout the hearing. A large lobby was equally divided in its applause for and against the Lavin case.

**HEYER FOR DEFENSE.**  
It was after Lavin had admitted that his report sold the beer manufactured by Heyer's company that the meeting adjourned until 2 o'clock. Brannin might be called as Foss' witness for the defense by Heyer, who had previously called six of the saloonman's neighbors to testify that he had a good character.

"Just one question," Foss said, when Heyer asked him to question Lavin. "Do you sell the beer which Supervisor Heyer's company makes?"

"I do," answered Lavin.

"That is all," Foss said. No one else spoke.

**AFFIDAVITS GIVEN.**  
The session opened with the introduction by Foss of affidavits by McQuig, now an inmate of the infirmary, and William E. Welles, a former inmate. In these affidavits they took cross-questioning and seeking to break down the testimony introduced by Foss. The word "lie" was passed on two different occasions. On each occasion it was directed at Foss. All concerned bristled with anger at different times throughout the hearing. A large lobby was equally divided in its applause for and against the Lavin case.

(Continued on Page 2, Col. 1)

**Personal Word**  
Advertisers know that low cost per sale means bigger profit. Advertising should lower selling costs. Good advertising in the right newspaper will do so. The value of a newspaper's space depends on the character of its readers. TRIBUNE readers are receptive. If your merchandise will stand the gaff—if it is worth while, your sales can be greatly increased through telling your message to the readers of The TRIBUNE, and, remember, increased sales mean increased profits.

# SUPERVISOR SELLS BEER, LAVIN SAYS

And Infirmary Inmates, Is Charge, Drink Beer at Lavin's Saloon.

(Continued From Page 1)

read from William King, announcing that he had been called from the city on business. King is the man who was dismissed from the infirmary, and whose complaints to Foss started the present trouble. The affidavits of McQuoid and Welles declared that they had also purchased liquor at the saloon of Rose and Picanto at Ashland, near the infirmary.

After a statement by Deputy Sheriff D. L. Jones had been read to the effect that he could not bring Welles into the meeting, as he was in prison, Hynes took the floor and denied that he had failed to investigate Lavin's place of business. He accused Foss of not "playing fair with the district attorney's office." He denied ever having been asked to investigate in this particular instance, saying that if he believed Lavin to be violating the law he would ask the supervisors to revoke his license.

## AFFIDAVITS PROCURED.

In answer to Hynes' question, Foss stated that he had received the two affidavits from Owen Paul, who conducted a saloon at the old race track, near the infirmary, and who lost his license recently, following an investigation.

"There wasn't so much fuss, so much defense by members of the board when Paul lost his license," Foss declared. "He didn't sell the right kind of beer, though. I guess that made a difference."

He repeated Foss for this statement later, denying that his personal business interfered with his business as a county official. Hynes and Foss agreed for a long time, and only stopped when Chairman Murphy stepped in for order, and made a speech on his own account. He said, among other things, that he was responsible for the closing of fourteen saloons in his district; "for cause," he said.

Mullins also got into the argument with many particulars, all directed at Foss, after which Foss called McQuoid as a witness.

"I bought drinks at Lavin's place numerous times," McQuoid said. "Lavin served me with the liquor time and time again. Others have been served with liquor there that were known to Lavin to be inmates of the infirmary."

## KELLY'S SALOON.

Then the real fight started. Murphy began to cross-examine McQuoid. He asked McQuoid if he had been paid by Paul for making his affidavit. He denied it. Kelly asked him if he had ever received money from the supervisors. McQuoid said Foss had once given him 25 cents.

"You're a beggar, then," queried Kelly.

"I am not," retorted McQuoid angrily. "You say that because I have never spent my money in your saloon."

"Oh, is that so?" Kelly asked. "Didn't Ray, that man who drives the county bus from the city to the infirmary, pick you up in the road at 2 o'clock one morning, too drunk to walk?"

"He did not," McQuoid answered heatedly. "I slipped on my crutches. I was not drunk. Why, that man can drink more booze in five minutes than I can in a week. I've seen him do it. Every day that he drives that automobile, he, a county employee, endangers the lives of others."

Chairman Murphy stopped McQuoid's statement by pointing his gavel on the desk. Foss protested that the witness should be permitted to explain his answers, but his statement was not heard.

## HYNES QUESTIONS HIM.

Then Hynes asked and received permission to cross-examine McQuoid. Before he did so Foss asked him if he did not believe he should try to help the investigation rather than hinder it by breaking down the testimony which related to the case.

Hynes agreed with Foss, and with the assistance of Wiltshire, cross-examined McQuoid. He asked a dozen questions, all of them personal, and not pertaining to the saloon investigation, whereupon Foss intervened.

"It would seem that the witness here is on trial, rather than the man Lavin. It also seems that Mr. Hynes is doing all in his power to protect the saloon license held by Lavin."

"That's a lie," shouted Hynes, apparently very angry.

"Well, it looks very much as if it is to me," Foss answered.

## MONEY FROM HIS LODGE.

Hynes continued his questioning of McQuoid, who refused to answer some of the personal questions, whereupon Hynes asked that the witness admit that that's all. He made the witness admit that Piedmont Parlor, Nativia Sons, of which he is a member, paid him \$1 a week.

"And you spend it for booze, do you?" queried Kelly.

The witness denied it. He was asked a score of other questions by various members of the board and by Hynes, all aimed at showing him to be a disreputable character. It was after McQuoid had announced that he left the infirmary on various occasions to attend to his lodge that Kelly moved that he be not permitted to leave the place unless he first received permission from the board.

"What?" demanded Foss. "Have you come back to the dark ages? Shall we make a slave of this man? Is he to be a prisoner at the County Infirmary? This looks like punishment for his temerity in appearing as a witness against Lavin."

THEY VOTE WITH HEYER.

Mullins, Murphy and Kelly made two roll calls in this statement, and then voted with Hynes for Kelly's resolution, Foss voting against it.

"This is tyranny," declared Foss. "This is the cause of the fear felt by these poor infirmary inmates. They know that if they tell the truth, the conditions out there the board will do just such things as this to them. Intimidate and browbeat them, and probably throw them out of the institution."

It was then that Foss asked that Brian be brought in as a witness. Hynes protested that it would be a waste of time, but Foss insisted, and the investigation continued until this afternoon. In the meantime, Hynes placed six witnesses on the stand to testify as to Lavin's good character.

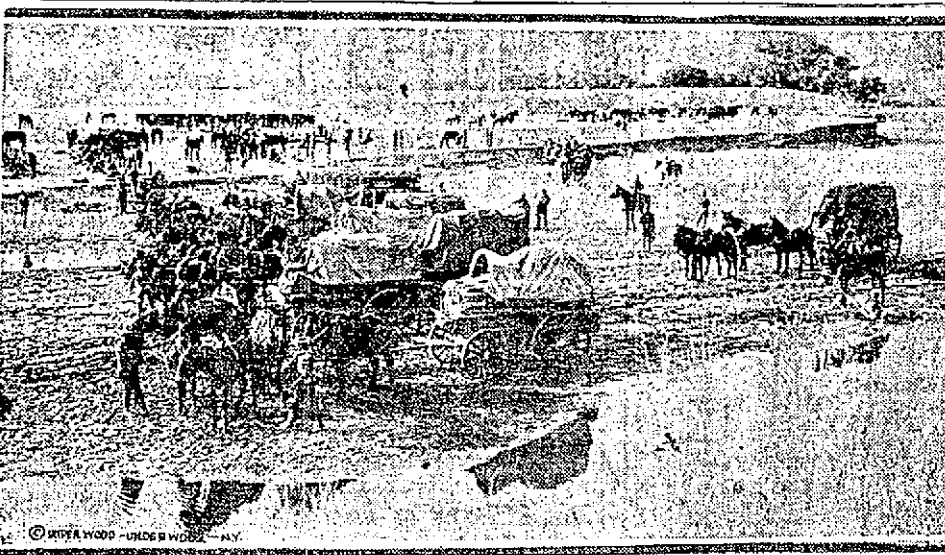

## Wind Blows Baby From Ledge to Death

SAN FRANCISCO, May 4.—Before the eyes of a terror-stricken mother, a strong wind blew a baby basket and its freight of tiny humanity along a narrow ledge on the fashionable Hotel Victoria, three floors above the pavement, at Bush and Stockton streets, directly in front of the very edge and awayed half over as the mother seized the handle. As she drew in the basket, the baby, 4-months-old, fell to the street below and was instantly killed.

The father, child is Julian V. Kinzie, former director of the Trust-Company Laboratory, who is now in Illinois. Mrs. Kinzie is present.

# Bandit Pursuit Halts While Diplomats Discuss Agreement

HERE IS AN OFFICIAL PHOTOGRAPH OF THE EXPEDITIONARY FORCES IN MEXICO TO CAPTURE VILLA: (PASSED BY THE CENSOR). A WAGON PACK TRAIN ARRIVING ON THE OUTSKIRTS OF LAS CRUCES, WHERE THEY WILL CAMP FOR THE NIGHT. THEY ARE AT THE END OF A 32-MILE HIKE THROUGH THE MOUNTAIN PASSES OF MEXICO, THE ROUGHEST OF THE TRIP THUS FAR.

(Continued From Page 1)

official statement would show the following had been agreed to:

Gradual retirement of the American expedition from Mexico—a movement expected to extend over sixty days.

Continuation of the expedition's line preliminary to the withdrawal.

Mexican railroads to be used for carrying supplies to the soldiers through commercial agencies during the time of the withdrawal.

American troops to be unhindered in their hunt for Francisco Villa, with Carranzistas generally co-operating south of the zone where this expedition will operate.

## TO AVOID CITIES.

Americans to continue avoiding Mexican cities.

Carranzistas to aid in policing the district occupied by the

Americans. United States to use its good offices through Washington to obtain financial aid for the Mexican government.

United States to permit the de facto regime to resume importation of arms and ammunition.

Carranza to take up the Mexican mining laws with a view to changing them by executive order, permitting the reopening of the mines and the employment of a large number of idle Mexicans.

Foreign capital to be permitted to return to Mexico under the new arrangement.

The formal agreement regarding the conduct of the American expedition in Mexico may not touch on the other matters at issue, it is believed. In that case it is thought likely that General Scott will take up the civil problems with Washington and that a conclusion may be reached conforming substantially to the tentative agreement.

## AGREE ON PROBLEM.

The authorities are agreed that Mexico's problem is more economic

than military. Hunger and unemployment are held responsible for banditry, and in a great measure for the hostility of Carranzistas to the American troops.

With the reopening of mines and currency reform facilitated, the situation may be relieved. Military critics saw a double significance in the agreement for a withdrawal from Mexico by easy stages. This gradual movement will enable Carranza to handle the threatened outbreak of a Felix Diaz revolution. This is scheduled to break out at the moment the American expedition leaves Mexican soil.

Oregon informed his generals that the pact with the United States was satisfactory and ordered the news to be communicated to his troops. Mexican newspapers hailed the agreement as a Mexican victory. Oregon is now the most popular Mexican.

General Salazar is reported to have independently revolted at Sinaloa, Chihuahua, but this is not expected to affect the working out of the American withdrawal plan.

# SOCIALIST ARREST ANGRERS GERMANS

Reichstag Petitioned to Release Dr. Karl Liebknecht From Arrest.

LONDON, May 4.—The arrest of Karl Liebknecht, the Socialist leader, in connection with a May day demonstration in Berlin May 1 caused great excitement among the workers there and led to a fresh demonstration, which was suppressed by a large body of police, according to reports from Berlin forwarded from Copenhagen by the Exchange Telegraph Company. The despatch adds that it is believed that the Berlin government will be compelled to release Dr. Liebknecht in order to prevent a revolution.

It is stated that he was arrested while addressing a peace demonstration and that it was a violation of the military regulations for him to wear the civilian clothes in which he was arrested, as he is a soldier.

BERLIN, May 4.—A Berlin Socialist introduced a resolution in the reichstag today requesting Chancellor von Helldorf to release Dr. Karl Liebknecht from arrest and to suspend proceedings against him until after the adjournment of the reichstag.

# Wants No U.S. Woman's Party

Is Anna Shaw Against Suffrage Idea?

NEW YORK, May 4.—The opposition of Dr. Anna Howard Shaw, leader of the National American Woman Suffrage Association, to the formation of a woman's party was announced today in a statement issued by the headquarters of the association.

"The minute we make suffrage a party issue," said Dr. Shaw, "we lose our friends in the party that is to be disciplined, and we cannot afford to do that. It takes a two-thirds majority in Congress to pass any Federal amendment, and no party in power has controlled that much power since 1869. Consequently, it is up to us to maintain a strictly non-partisan attitude."

# Deserted Bride in Fear of Prosecution

SAN FRANCISCO, May 4.—A harrowing fear of being prosecuted for his participation in the obtaining of a divorce from his former wife led Weston D. Phillips, real estate broker, to desert his bride of a month and flee the state, according to the testimony of Mrs. Marion Wilcox Phillips, daughter of Mrs. Elizabeth Wilcox of 812 Lakeshore avenue, Oakland, who was granted a legal separation by Superior Judge Van Nostrand today.

# Miners of State Have Hookworm

SACRAMENTO, May 4.—Fifty per cent of the miners in this state are suffering from the dreaded hookworm disease, according to a report filed today with the State Board of Health by Dr. J. G. Cummings, director of the State Bureau of Communicable Diseases.

# Wife Kills Husband in Saving Herself

ROIRE, Ida., May 4.—While defending herself against her husband at her home in Glenn's Ferry, Idaho, last night, Mrs. C. T. Shoemaker shot and killed him and accidentally shot her daughter, 9 years old, who died three hours later.

# Clairvoyant's Case Dismissed in Court

SAN FRANCISCO, May 4.—Claude Conlan, clairvoyant known as "Alexander the Great," had his case dismissed by Superior Judge Dunne today. He was charged with the alleged swindling of J. J. Kelly of Cook Bay of \$700.

# BRITISH GUNFIRE WRECKS ZEPPELIN

Air Raids Over England and Scotland Repulsed With Loss.

LONDON, May 4.—A Zeppelin, the L-20, has been wrecked by British gunfire following a raid upon England Tuesday night.

Coupled with this official statement is an official report of a new attack upon the English coast. Deal being visited by a German aeroplane late in the afternoon. Several houses were damaged and one man injured by explosives dropped from the plane.

# Disabled Soldiers Arrive From Front

COLUMBUS, N. M., May 4.—Twenty-seven disabled soldiers and one wounded Mexican boy arrived here today in motor ambulances from the interior of Mexico. They were transported from the American base of operations at San Antonio, Mexico, and taken to hospitals here and at El Paso.

# Constitutional Point Discounted by Senate

WASHINGTON, May 4.—By a vote of 35 to 24 the Senate today tabled Senator Cummings' amendment to the rural credits bill to eliminate the section exempting farm loan banks and their mortgages from taxation. Republican senators attacked the constitutionality of such exemption and argued it discriminated against national banks.

# Zeppelin Victims Reported Dying

LONDON, May 4.—Several persons wounded in Tuesday night's Zeppelin raids were reported dying today. The

# Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agonies for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—how to tell.

Dr. E. Sauer, a well-known specialist who has studied widely both in this country and Europe, says that if you want to make an actual blood test on all people who are actually suffering from iron deficiency, you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for other reason than the lack of iron. The moment iron is supplied all their multitudinous ailments disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weak and nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleep and tired all day; some funny and irritable; some skin and bloodless, but all lack physical power and endurance. In such cases it is worse than foolhardy to take stimulants, the medicines or narcotic drugs, which only whip up your fading vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you are it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-

# Rioters Cause Fire in Moscow

Rebellious Workmen Destroy Tons of Oil

BERLIN, May 4.—Revolutionary workmen in Moscow have exploded kerosene and benzene tanks belonging to the Russian government, according to reports from Stockholm received by the Overseas News Agency. The reports say that more than 5,000 tons of the oils were destroyed. Fire which started after the explosion has spread to buildings and still is burning.

# Important! Corduroy Sport Coats \$3.75

About 50 coats in this splendid lot and such values! It's the lowest price quoted this season on Sport Coats of this grade. Several models to select from. Some belted, some plain. # NATIONAL POLITICAL NEWS STATE

## LETTERS FLOOD IN ON CONGRESSMEN

### Protest Against War With Germany Reaches Capital.

WASHINGTON, May 4.—Printed form letters protesting against any step which may lead to war with Germany began pouring in by the thousands today upon members of Congress as the sequel to the telegraph propaganda which swamped the capital and the telegraph companies last week. Even the names of the Congressmen were printed on the envelopes. Everything gave evidence that the letters had been prepared by thousands and required only written signatures.

### Conservationists Hear Health Work Discussed

WASHINGTON, May 4.—The National Conservation Congress at final sessions today still was excited over yesterday's action, by which it voted 116 to 39 to recommend legislation which would allow the government to grant water power leases to private interests. The program today was devoted mainly to reports on fish and game conservation and discussion of health and education as factors in a preparedness campaign.

## Local Irish to Aid Rebellion

### Mass Meeting Called Tonight

Plans to aid the Irish rebellion, whereby men and women of the Irish race living in Oakland and San Francisco may lend their support to the cause of their countrymen, will be devised at a meeting of 400 Irish leaders of San Francisco to be held this evening. The meeting will be held at Knights of the Red Branch Hall, 1133 Mission street, San Francisco. Irishmen have not out to 400 San Franciscans, who will plan a mass meeting for some night next week at which the Irish of the east bay cities will be asked to be present.

Immediately after the cable dispatches announced the execution of four of the Irish rebel leaders yesterday, leading Irishmen of San Francisco held an impromptu meeting and decided upon this evening's gathering. At this meeting strong measures will be taken to crystallize the sentiment of the Irish in America against England. Speeches will be made by political exiles from Ireland.

MANY INVITED.

Following is the invitation which has been sent to the Irish leaders:

"Ireland has declared war upon England. The declaration of war has followed upon the English aggression of centuries. You are sufficiently familiar with the appeals that have been made to the citizens of the United States to lend their moral and material support to the victims of aggression in the present war, though these victims have only been suffering from the effects of the English aggression."

"You know that in addition to the age-long oppression of England, new tyrannies were recently enacted and still further ones contemplated. In resistance to that aggression Ireland has declared war, and a state of war actually exists between Ireland and England."

DUTY OF AMERICANS.

"Your own judgment will tell you that your duty as an American citizen under these circumstances, and you have also before you the pronouncements of many leaders of American thought as to what America's attitude should be towards the small nations who have been martyred in the interests of the big empires."

"Your duty as an American citizen of Irish extraction should prompt you to go much further and to leave nothing undone within the law to justify the protests of aid to Ireland, of which the Irish people have always been lavish."

WAR DECLARED.

"The declaration of war automatically suspends all political situations prior to it, and it is now simply a question of Ireland or England."

"If you believe with us that as a citizen of a free republic which has done much for the cause of liberty the world over, your duty is to help Ireland to recover her freedom."

### G. B. S. Has Mixed Rebellion Emotions

NEW YORK, May 4.—George Bernard Shaw today called the following comment on the Irish rebellion: "Silly, ignorant, wrongheaded, honorable, brave, republican."

## Women in Camp in Army Drill

### Washington Social Set Try Tent Life

WASHINGTON, May 4.—Today the first evidences of discomfort were manifested among the women at the National Women's Training Camp at Chevy Chase. The work is grilling. Searing sun, flat-heeled shoes and the rough ground are affecting girls and women whose activities have heretofore been confined to covering miles of ballroom floors.

Their bodies drooped. Their complexions were vivid red. Their feet were blistered. Nevertheless, they were highly enthusiastic. First aid to the injured work, signaling and similar duties are receiving much attention.

### Progressives Naming Washington Delegation

SEATTLE, May 4.—The Progressive State Convention, called to nominate delegates to the national convention in Chicago, was called to order at 10:30 o'clock this morning in the Press Club theater by Chairman L. Roy Slater, who announced F. M. Goodwin, of Spokane as temporary chairman. The delegates who represent practically every county in the state, expect to conclude their business late this afternoon.

The only obstacle in the way of a peaceful convention is expected to be a fight over a platform plank which will be offered favoring a navy second to only one other in the world and an army of a quarter-million men.

## Local Irish to Aid Rebellion

### Mass Meeting Called Tonight

Plans to aid the Irish rebellion, whereby men and women of the Irish race living in Oakland and San Francisco may lend their support to the cause of their countrymen, will be devised at a meeting of 400 Irish leaders of San Francisco to be held this evening. The meeting will be held at Knights of the Red Branch Hall, 1133 Mission street, San Francisco. ## MOOSER URGES PARTIES TO UNITE

### Keynote Speech at Washington Calls for Patriotic Action.

SEATTLE, May 4.—In his address today before the Progressive state convention Temporary Chairman F. M. Goodwin urged amalgamation with the Republicans.

"The Progressives have no reason to regard the past with dissatisfaction because their principles are secure," he said. Today new and vital issues confront us. The demand of the United States has been flouted in Mexico, our own soil has afforded no protection to American lives, our power and rights on the high seas has been defied, the rights of feeble neutral nations have been violated without protest and America have even been made to influence the government itself in the interest of a foreign empire. No policy has been adopted by the Democrats to meet these conditions and we are as badly exposed today to maintain our rights, to protect American lives and property as we were at the beginning of the troubles.

"No party which does not believe in a strong central government can formulate a strong national policy, hence the Democratic failure and uncertainty. Americans who believe in a strong national policy must unite their forces and face the common and patriotic American policy. Our duty, therefore, is to seek a reunion, because a reunion is inevitable, of the Republican and Progressive parties, on a common patriotic platform, with common candidates standing for vital American principles."

### Wilson May Confer on Army Measure

WASHINGTON, May 4.—Chairman Hay of the House military affairs committee, one of the conferees now adjusting points in the army bill (H. R. 13000), is expected to confer with President Wilson, Mr. Hay said that the conferees had reached a decision on the volunteer army feature of the Senate bill and that the Senate conferees were pressing for its adoption, while the House conferees took the opposite stand. The President favors the Senate plan.

### Woman Candidate for President, Is Planned

CHICAGO, May 4.—Announcement has been made that the Congressional Union for women suffrage is contemplating placing in the field this year a woman candidate for President of the United States to be nominated at the woman's party convention, which the society is planning to hold June 5, 6 and 7. The Illinois Equal Suffrage Association, following the announcement yesterday, denounced the woman's party convention.

### Los Angeles May Also Share Flood Control

WASHINGTON, May 4.—The Senate committee on commerce today added to the River and Harbor appropriation bill \$2,500,000 for construction of a diversion canal in Los Angeles harbor. As amended by the House committee, the measure would appropriate about \$4,500,000, an increase of \$2,000,000 over the House bill.

### President Appeals for Army Bill Conference

WASHINGTON, May 4.—In view of the international situation, President Wilson today told Chairman Hay of the House military committee that the House and Senate conferees on the army bill should get together without delay.

### Belgians Defeat Germans in Congo

HAVRE, May 4.—The Belgian Minister of the colonies states that General Tombeur, who commands the Belgian forces operating on the eastern frontier of the Congo, turned the enemy's position during the passage of the Ruwiri river and landed on the German shore of Lake Kivu. This maneuver was carried out under the cover of the fire of Belgian river gunboats and forced the enemy to evacuate their position on the Ruwiri, south of the lake.

The Belgian column crossed the river and occupied the German position at Shungu. Belgian troops also entered the German territory north of Lake Kivu.

### "Savage Repression," Cables John Redmond

NEW YORK, May 4.—Execution of the leaders of the Dublin revolt was characterized as "savage repression" in a cable message sent to John Redmond, Nationalist leader in the House of Commons, by prominent supporters here of the Irish Parliamentary party.

The cablegram, signed by Captain Stephen McGlinchey, president of the New York Municipal Council of the United Irish League, was as follows: "Irish in America, contrasting execution of Dublin leaders with treatment in Ulster and South Africa, are revolted by this sign of reversion to savage repression."

### St. Louis Irish Cheer and Weep for Rebels

ST. LOUIS, May 4.—Hundreds of Irish wept and cheered last night during the organization of a local branch of the Friends of Irish Freedom. Judge O'Neill Ryan's declaration that every St. Louis Irishman was ready to fight for the freedom of Ireland was loudly cheered.

### Irish Republicans Print Postage Stamps

DUBLIN, May 4.—Postage stamps prepared by the short lived Irish Republic have been found, ready for issue. They are printed in the republic, with colors green, white and orange, with insert pictures of the three Manchester martyrs, Larkin, O'Brien and Allen, on a shamrock leaf. Beneath is a harp and the words, "God Save Ireland."

## Thirty States Reserve Rooms Preparation for Chicago Convention

CHICAGO, May 4.—Headquarters for 30 States have been engaged at hotels for the Republican National Convention, and eight Presidential candidates have engaged rooms for headquarters at the Congress Hotel. The latter are Theodore Roosevelt, T. Y. Sherman, Charles W. Fairbanks, John W. Weeks, William Alden Smith, Thomas E. Burton, Henry Estabrook, William E. Borah and Albert B. Cummins.

## Lid on Too Tight; Committee Quits

HOQUIAM, Wash., May 4.—Resignations of all members of Aberdeen's annual Fourth of July "splash committee" were in the hands of the city council today. The members gave as their reasons for resigning the fact that the lid is clamped on too tight. Mayor J. M. Phillips announced that there will be no let-up in reform methods. A lodge was notified that gambling with stage money henceforth will not be tolerated.

## Well Known Elk Drops Dead at L. A.

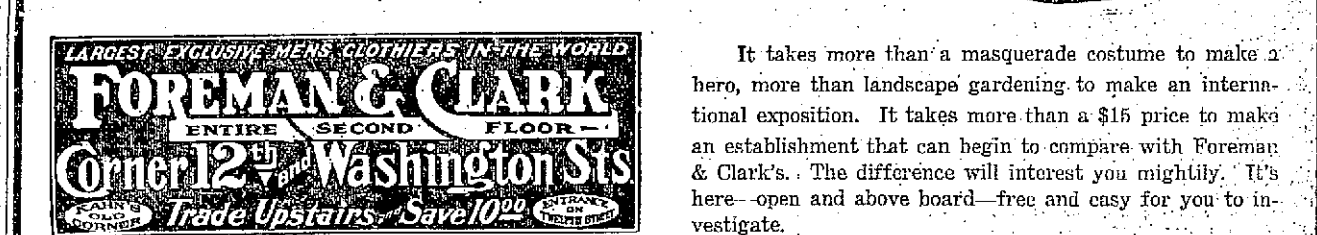

LOS ANGELES, May 4.—Malton McInnes, well known member of the Elks lodge, Grand Rapids, Mich., dropped dead here today.

# We Don't Sell \$15 Suits

Six years ago it was Foreman & Clark who originated the one-price, \$15, upstairs clothing business, based on Golden-Rule principles. Our success started a national stampede toward the \$15 price.

# TO ASK NEW TRIAL IN LIBEL CASE

## Character of George Washington Upheld by Jury; New Move Promised.

TACOMA, Wash., May 4.—Motion for a new trial in the case of Paul R. Haffer, found guilty by a jury of criminally libeling George Washington, will be filed immediately, according to announcement of P. L. Pendleton, attorney for Haffer, today. Pendleton said the case would be carried to the State Supreme court if the motion is denied.

An affidavit asserting that Judge Card overstepped himself in conversing with the jury during the absence of the defendant from the courtroom, will accompany the motion. Attorney Pendleton charges that the court ordered everyone except the jurors from the room and then advised them they were not to be influenced by the criticism of the judge's previous, for failure to convict in another case.

Socialistic organizations, of which Haffer is a member, are planning to raise a large fund to assist in the further defense of the case. Haffer was given his freedom following a return of the verdict on the original bond of \$1000 filed shortly after his arrest.

The statute under which Haffer was convicted, making publication of statements defamatory to the character of a deceased person, a criminal offense, has never before been invoked in this state. Haffer had written and caused to be published in a local newspaper an article in which George Washington, first president of the United States, was described as a "blasphemous, slave-holder and inveterate drinker." He was arrested, charged with criminal libel on a warrant sworn to by Colonel Albert J. Jacob, a prominent Tacoma attorney, who also assisted in the prosecution.

The maximum penalty for the crime, a gross misdemeanor, is one year in the county jail, or \$1000 fine, or both.

Seven ballots were taken by the jury, which was out about two hours.

# Pastors Would Stop Bathing Suit Parade

## SANTA MONICA, May 4.—The first

side of the bathing suit parade, on one side, and the local ministers on the other, was fired today, when pastors passed resolutions condemning the parade of bathing girls to be held at Venice next Sunday.

"Immoral, indecent, and immoral," the resolution read, "injure the community at large, and as an advertisement drawing the wrong class."

The resolution pointed out that the "bathing girl parade" will parade in suits that are prohibited by law from appearing on the streets.

The trustees at whom the resolution was aimed, will not meet until Monday, the day after the parade.

# Evelin Asks U. S. to Have Family Freed

SAN FRANCISCO, May 4.—The statement of Edward J. Evelin with regard to the seizure of his wife and 5-year-old daughter by British authorities at Falmouth was on the desk of the State Department at Washington today.

At the request of the Washington officials, Don Rathbun, agent of the Department of Justice here, obtained Evelin's story. The man, an advanced socialist, said his wife and daughter were taken from him by British authorities at Falmouth, where he was employed by the Hamburg-American Steamship Line. She and her little girl were on their way back to San Francisco after a visit at Cassel, Germany, when the British removed them from the Holland-American liner Rindam. Evelin is employed here.

# Pyromaniac Sought by Weary Firemen

Life is weariness of spirit to some persons whose middle name is "unusual," especially when the cause is a fire engine racing down the street, according to Fire Chief Elliott Whitehead. Five false alarms were turned in within a few hours last night. Whitehead reported the matter to the police and an effort will be made to capture the person who has been turning in the false alarms.

# Wilmington Closes All Halls During Epidemic

WILMINGTON, Del., May 4.—The Board of Health issued a peremptory order for the closing of all schools, churches, poolrooms, saloons and other places where people congregate until after the subsidence of the smallpox epidemic. Twenty-nine cases are under surveillance.

# Divorced At Last

SAN FRANCISCO, May 4.—William G. Zoeller, 185 Trumbull street, was granted a divorce by Superior Judge Van Ness today, after a long and bitter fight.

# "Why Swear, Dear? Use 'Gels-It' for Corns!"

## It's the New Plan. Simple. Sure as Fate. Applied in a Few Seconds.

"Why, John, I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, ointments, and contraptions for corns."

"You wouldn't lose your temper, John, if you used 'Gels-It' for those corns!"

Here's some 'Gels-It': It's just wonderful how easy, 'clear and clean' it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it—without the need to stick or roll up, form a bunch of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and saws, and use 'Gels-It' and you'll have a sweeter disposition and no more corns and calluses.

'Gels-It' is sold by druggists everywhere, 25c a bottle, or sent direct by Dr. Lawrence & Co., Chicago, Ill. Sold in bulk at the stores of The Owl Drug Co.—Advertisement.

# Says Kitchen Is Woman's Field

## U.S. Employment Agent Discounts Clerks

SAN FRANCISCO, May 4.—Vocational training for the working girl and woman will be a necessity in the near future, declares Mrs. Pauline Barfield, manager of the United States government employment agency for women, in a statement to the United Press today. She added that women and girls would have to be awakened to the need for such training soon.

After a study of hundreds of cases in San Francisco, Mrs. Barfield discovered that the following conditions exist:

"Education has been responsible for many girls being out of work," she said. "Because she has studied the girl becomes too good to do real work and in many cases therefore goes without a job."

"If the poorer classes of girls would be taught to cook and take care of homes instead of being sent to various commercial schools there would be a far better chance for work. The demand for domestic service is great. It is the greatest training for future life that the girl could get, and for particularly if she intends to be head of her own household some day."

"Club women, societies of all sorts and private individuals should, and I believe they will, awaken to the fact that the working girl should be given training for certain vocations in which the demand is greatest."

# PLUMP NO MORE, SHE ASKS DIVORCE

## Businessman's Wife Comes West to Sue, Alleging Cruelty.

SAN FRANCISCO, May 4.—Declaring that her husband's cruelty caused her to lose weight, such an alarming extent that she fled from him and came to California for her health, Mrs. Helen Louise Gilchrist, wife of Frank J. Gilchrist, wealthy business man of Chicago and New York, began divorce proceedings here today.

The alleged inhuman treatment, which she said was in neglect, sulking and abuse, began, she said, when she married him in Oklahoma City May 27, 1912. She asserts that frequently Gilchrist would remain out late at night, drinking and return home early in the morning, leaving her to fend for herself. Once he threw her on the floor with such violence as to cause her serious injury. After that she lost weight, falling away from 180 pounds to 117 pounds.

When her mother, L. Adkins, went to visit her in New York City, she says her husband sulled and declined to speak to her throughout his mother-in-law's stay.

Gilchrist has recently come into an estate and is now in California. Attorney U. E. Mathewson placed the divorce complaint on the secret file.

# Chinese Cooks Cause Villa Chasers Envy

COLONIA DUBIAN, Chihuahua, May 4.—Perhaps one of the queerest demands made upon the quartermaster's department of the American expeditionary command has been received here from field headquarters at Nampiquipa. This requisition asked for "two Chinamen—fully equipped."

Behind the requisition is a story of the rivalry between the various American camps. Officers at Dubian obtained the services of two Chinese cooks, whose fame spread through General Pershing's forces. Officers at Nampiquipa, learned of the skill of the cooks and made a demand upon the quartermaster, who has been asked to supply the command with everything from locomotives to needles. The next truck train carried two Chinese chefs.

# Cyclist Is Injured by Skidding Upon Car

AUGUST NORD, 8701 Loma Vista avenue, was injured last night when his motorcycle skidded and struck a street car at Hopkins street and Peravia avenue. He received several bad bruises, but was not seriously hurt. He was cared for at the Metro police station emergency hospital.

A. Brynson, 2322 Twenty-third avenue, while riding his motorcycle, collided with an automobile driven by S. T. Taylor, who was thrown through the windshield of the auto. He was slightly bruised and cut, but suffered no serious injuries.

William La Violette, 3430 East Fourth street, was killed when his automobile driven by Julius Bohm, and was slightly hurt. La Violette was riding a motorcycle.

# Suffragists Are Greeted in Spokane

SPOKANE, May 4.—Eastern suffragists, representing the Congressional Union for women's suffrage had a busy time here today. An automobile trip with tree-planting exercises in a part was followed by a luncheon by the Chamber of Commerce. Later in the afternoon the suffragists were to be the guests at a reception at the home of Judge and Mrs. George Turner. The visitors will hold a mass meeting in a theater tonight before departing for Great Falls, Mont.

# New Harry Thaw Is Out on Bail

LOS ANGELES, May 4.—Harry Thaw was out on bail here today awaiting his trial. Not Evelyn's former husband, but a school teacher, charged with having whipped Leroy Creek, a 12-year-old boy.

SCOTT BONE WINS. Seattle, May 3.—The King county delegation to the Republican state convention which will meet at North Yakima, May 8, voted unanimously last night to support Scott C. Bone, editor of the Seattle Post-Intelligencer, as delegate at large to the Republican National Convention. King county has 145 votes in the state convention, or more than any two other counties combined.

CARPENTER ARRAIGNED. Joseph M. McGulgan, a carpenter, 44 years of age, was arraigned today on a larceny charge for the alleged theft of gasoline, rubber belting and an electric generator from the dredger of the American Dredging Company, moored in the estuary. The case was continued for hearing.

# SCHMIDT BROUGHT INTO CAPLAN CASE

## M. A. Baxter of Alameda Seeks to Identify Men as Launch Renters.

LOS ANGELES, May 4.—Matthew A. Schmidt, convicted of murder in the Los Angeles Times dynamiting case, appeared today in the trial of his alleged accomplice, David Caplan, when M. A. Baxter of Alameda sought to identify the two as men who rented from him the launch "Patina," in which it was alleged, they transported to San Francisco the dynamite used to destroy the Times plant.

When Schmidt and Caplan stood up in court, Baxter identified the former positively and the latter as "resembling" one of the men. He testified also to the identification of James B. McNamara, serving a life term in San Quentin on his plea of guilty in the case as the third of the men who took the launch.

The three men, it was alleged, McNamara as "J. B. Bryce," Schmidt as "F. S. Perry" and Caplan as "William Morris," went in the launch to Giant, California, in September, 1910, received 500 pounds of eighty per cent dynamite and took it in the launch, masquerading under the name "Peerless," to San Francisco, where the dynamite was stored in a dwelling. Previously testimony was given to show Caplan bought aluminum letters for the name "Peerless," bought a tarpaulin to cover the dynamite and visited the office of the Giant Power Company at San Francisco twice to arrange for delivery of the explosive.

Another witness today told further details of the alleged "eastern" dynamiting conspiracy which the prosecution contended was national in scope and included the Times explosion and other dynamiting plots in Los Angeles.

Port Von Spruckelson, formerly a contractor at Indianapolis, testified regarding explosions which wrecked his garage and his mill October, 1909, after he refused to operate a "diesel shop" upon the demand of John J. McNamara, former secretary of the League of Professional Association of Bridge and Structural Workers, now in San Quentin penitentiary for dynamiting the Llewellyn Iron Works here. He said McNamara told him "we'll get you. We'll make you come to Los Angeles."

Von Spruckelson told of finding his favorite horse running about the lawn after the garage explosion which blew out one of the horse's eyes.

# COUNTIES RIVALS IN FRUIT RICHES

## Bulk of California Oranges Produced in Two.

SACRAMENTO, May 4.—Two counties, Los Angeles and San Bernardino, produce 67 per cent of the California orange crop, according to figures of the State Department of Horticulture announced today.

Los Angeles county leads in lemons with 31 per cent of the entire state crop; San Bernardino and Santa Cruz counties are tied for first place in production of lemons, each with 13 per cent of the state crop. Santa Cruz county alone produces 61 per cent of the apple crop.

Santa Clara county leads in apricots with 21 per cent of the entire state crop; and in cherries with 24 per cent of the crop, and also in prunes with 65 per cent of the crop.

Fresno county produces 58 per cent of the state fig crop; Butte and Los Angeles counties are tied for first place in production, each having 14 per cent of the state crop.

Fresno county also leads in peaches with 29 per cent of the crop; Sacramento county is second with 18 per cent; plain honors go to Placer county, which produces 59 per cent of the entire California crop.

# City May Insure in State Insurance Fund

State Compensation Insurance for municipal employees was explained to the city commissioners at the council meeting today by William Leslie, secretary and actuary of the state compensation insurance fund.

It would cost the city of Oakland approximately \$12,000 a year to insure in the state fund, and of the amount 43 per cent will be ultimately returned to the city in all probability, according to Leslie. The state fund operates in much the same way as the city's own fund, except that it is a mutual fund, earning any profit, and the excess of a year's business is returned to the people insuring with the fund.

It is probable that Oakland will take the state insurance compensation for the coming fiscal year, as the present time the city carries its own insurance and is subject to any losses due to pursuing this course.

The Vernon-Rockridge Improvement club addressed a letter to the city council, favoring the plan of giving policemen one day off a week instead of only two days off a month.

The Fitchburg Social and Improvement club and a score of residents and property owners petitioned the council for the improvement of South Park street from East Fourteenth street to the Western Pacific railroad. The petition was referred to the street department.

The Fitchburg club also asked that the city acquire land at Eighth and Fallon streets to complete Park street south of the Municipal Auditorium. The petition was referred to the park department.

# Terramorse Held for Trial on \$5000 Bail

Frank Terramorse Jr., has been held to answer in the Superior Court under bail of \$5000 in connection with felony charges preferred by J. R. Molera with whom wife Terramorse eloped a year ago to New York. The defendant was arraigned before Justice of the Peace Quinn yesterday.

# GASOLINE BURNS CYCLE

The motorcycle of Emil Helweg, 521 Forty-fourth street, was destroyed today at Twelfth and Myrtle streets when the gasoline tank exploded. An alarm of fire was turned in by passerby.

# A Smooth, Hairless Skin for Every Woman

(The Modern Beauty)

With the aid of a plain delatone paste it is an easy matter to rid the skin of unsightly hairy growths. The paste is made by mixing some water with powdered delatone. This is applied to the hairy part and after 2 or 3 minutes rubbed off and the skin washed, when every trace of hair will have vanished. When you go to your druggist for delatone, be sure you get the genuine article.—Advertisement.

# TRUST NOTES TO AID TRACTION CO.

## Corporation May Negotiate Loan for Better Car Equipment.

The San Francisco-Oakland Traction Railways filed today with the Railroad Commission an application for authority to issue \$180,000 par value 6 1/2 per cent equipment trust notes for the purpose of buying 23 modern motor cars and 1000 seats for these cars (the company plans to use entirely in Traction division operation, the balance being specially designed cars suitable for operation either over the Traction division or the Key division of the company).

The smaller cars will follow in design very closely to car No. 100, which has been operated experimentally on the various lines of the company for several weeks past. The larger cars have been designed by the engineers of the company, after a conference with the city officials and the commercial organizations in order to properly handle business moving into the city over the Key and Traction divisions.

These cars are intended primarily for use in the proposed Berkeley-Oakland express service, to be operated over the Key division from Berkeley and down the San Pablo avenue traction division line in Oakland, as well as in the operation of Key service on Twelfth street.

An equipment trust is a convenient form of corporate obligation, by which a loan is secured for investment in rolling stock. The trustee advances the cash, or secures the credit, and title to the equipment, street cars in this case, is held by the trustee until the indebtedness is discharged. The situation arises where a utility needs rolling stock, yet cannot pay for it from earnings on hand.

This method of payment is necessary by reason of the fact that the railway company, until some readjustment of its financial condition is effected, has found it impossible to secure any new money for extension and improvements, and has been compelled to spend earnings for current upkeep.

It is understood that the earnings of the company have increased since the elimination of the fitness from the congested district of Oakland, so that it is held to pay out of current earnings the cost of rehabilitation of its tracks and pavement now proceeding on East Fourth street, and to be carried forward on San Pablo avenue as well as to pay the equipment necessary to provide the new equipment which will be used both for Traction and Key division service.

# LYMAN GIVEN 15 DAYS TO APPEAL

## Man Who Escaped From Hospital Here Fights for New Trial.

SAN FRANCISCO, May 4.—Dr. John Grant Lyman, under arrest in New York, whose sensational escape from custody at the Merritt Hospital in 1911 is still fresh in the minds of federal officials, was given 15 days in which to pay the expenses of his appeal in the United States Circuit Court this morning.

Dr. Lyman is appealing from a conviction of using the mails to defraud in connection with a Panama land deal. He was sentenced in Los Angeles to one year and three months in the penitentiary and was released on \$10,000 bail.

Attorney Paul Shank attempted to have Dr. Lyman declared a pauper here early this year, but the Court turned a deaf ear to the plea when news of the doctor's sensational escape in New York whereby he claimed up a million dollars in an alleged new fraudulent scheme, was made public. Dr. Lyman was captured in Florida after the machinery of the government had sent a small army of sleuths on his trail.

This morning when his case was called on the Court declared that if he did not pay the expenses of paying the records within 15 days his appeal would be dismissed.

# Russia's Statement Claims Progress

PETROGRAD, May 4.—The official communication today says: "Enemy artillery has bombarded sections of the Jacobstadt, and Dvinsk regions."

"East of Vitebsk and Tverchik, after artillery preparation, the Germans attempted to debouch from their trenches to attack, but were stopped by our fire."

Tuesday morning, following a bombardment, enemy detachments assumed the offensive near Antony, northwest of Pustyn, but were repulsed. Near Baranovitchi and the Oginsky canal there has been an artillery duel. South of Olka we made some progress."

"In the Soponoff region, north-west of Kremenetz, the enemy exploded a mine, but we occupied the crater."

# Berkeley Man Is Named to Board

SACRAMENTO, May 4.—Owing to the great demand for services of the State sanitary engineers, it became necessary today to name another assistant in the sanitary engineering department of the State Board of Health. Joseph Doman of Berkeley was appointed. The sanitary engineering department makes investigations of sewer and water works in the cities of the State and reports, with recommendations, to the health department.

# Indicted Attorney Dunkley Surrenders

SAN FRANCISCO, May 4.—Louis F. Dunkley, prominent San Francisco attorney, indicted by the federal grand jury several weeks ago in the Capital City Paint Company bankruptcy case, today surrendered himself at the United States marshal's office. He was immediately released on bonds of \$1000.

# Took Iron and Machine, Left Hubby, He Says

Complaining that his wife told him that she did not love him any more and that she had left their home at 151 Glenview, taking, among other things, a talking machine and an electric fan, John Wren Smith, a railway employee today commenced suit for divorce from Alice Smith. The couple were married in Oakland in 1907 and have two children.

# CULPRIT ESCAPES

George Johnson was arrested at Sixth and Webster streets today for the alleged theft of a horse and fixtures. Another man was with Johnson when he was arrested, but succeeded in breaking away from the patrolman and making his escape.

## WARNING SIGNAL TO HOUSEKEEPERS

If Dollars Count This Will Interest You.

"Stop-Look-Listen."

They say some one made a fortune out of the above sign of warning.

We wish we could display a "Stop-Look-Listen" sign to every housekeeper who has thus far neglected to put up eggs for winter.

You can buy them now for, say 20c a dozen, in case lots. For 50c you can get enough Silicate of Soda to put up a case of eggs. At 20c a case (30 doz.) would cost \$7.20, or \$7.70 with the Silicate of Soda.

In December you will be paying an average of 65c a dozen, or \$3.40 a case.

Which would you rather do, buy them at 20c a dozen now or at 3 times this price in December?

Eggs put up in Silicate of Soda (following our instructions) are just as good for cooking purposes as any eggs. They're just as wholesome and sweet as any eggs you've ever used.

The process is simple and the saving is well worth while.

Ask your dealer to be sure to give you unfertilized eggs. Every egg ought to keep perfectly.

## SHAVE IN COMFORT WITH RIGHT SUPPLIES

It's Easy to Shave at Home With a Good Outfit.

Do you shave at home? Of course you don't if you're at the head of the family, because a woman is always at the head of every family.

But if you're a man (at the foot of the family, sort of holding it up), you will appreciate the comforts of good shaving apparatus.

We feel like boasting about our stock of shaving supplies. From razors to strops and from soaps to mirrors our assortment ranks with the best in the business.

We carry safety and old-fashioned razors of every kind, all kinds of soaps, talcums and creams. Our line of strops is known to almost every barber in Oakland.

Now then, if you have trouble in shaving yourself, or if you are cranky about your shaving supplies, or can't get your razor sharp or your beard soft, just come right into our store and ask to see the "chief" at the barber supply counter.

He knows—he has whiskers himself, only he shaves them off every morning.

## BREAKING HAND-BAG RECORDS

Popular Prices—on Correct Styles Win Out.

Every year our handbag business gets bigger. Year before last (1914) we thought we had made a record we never could equal.

In 1915 we sold more than ever, and it looks now as though 1916 would go far over last year's mark.

Surely our patrons must have some good business reason for coming here.

We have been told by traveling men that we carry one of the largest assortments of medium priced handbags in the state. Customers have told us that they get better values of us than anywhere else.

If we had enlarged the department or changed its location, or advertised it more than usual, additional business might have resulted as a consequence. But we have done none of these.

It looks as though the good old adage was again coming true: "He'll win in the long run."

We are trying to give the public their money's worth in every transaction in every department.

**CREX CARPETS**  
TRADE MARK REG. U.S. PAT. OFF.

**Economy and CREX Are Synonymous**

THIS is the time, after housecleaning, when rugs worn out or badly soiled are replaced by new ones. Why not buy CREX rugs? They're inexpensive, artistic, sanitary, durable and easy to keep clean. Use CREX rugs while your expensive ones are cleaned or put away for summer. Made in every desirable pattern and color.

Insist on getting the satisfaction, value and wearing qualities that CREX symbolizes. You can instantly identify the genuine by the name CREX woven in the side binding. Unscrupulous dealers may offer inferior substitutes for the sake of a larger profit.

To protect ourselves and the public CREX is patented under U. S. Govt. Copyright. Dealers detected of fraudulent substitution or willful misrepresentation will be vigorously prosecuted.

**Festival to Have Bride  
Symbolical Ceremony**

MISS BERNICE WORLEY.

**Causeway Celebration Will  
Join East and West**

SACRAMENTO, May 3.—The most  
important feature of the four-day  
causeway celebration will be the al-  
legorical wedding of the east and west  
sides of the Sacramento valley be-  
neath an arbor to be erected at the  
entrance to the State Capitol on noon,  
Saturday, May 13. The festival opens  
a week-long tourney.

The wedding will symbolize the  
union of the two sides of the valley  
through the completion of the three-  
mile concrete bridge across the Yolo  
by-pass waste lands. Miss Bernice  
Worley, a pretty high school girl of  
Woodland, will represent the bride, while  
a Sacramento man, not selected as  
yet, will be the groom.

The solemnity of a society wedding  
will mark the ceremony. Brief talks  
by Governor Johnson and C. H.  
Blaney, State highway commissioner,  
will initiate the ceremony. This will  
be followed by the selection of "O  
Promise Me." An appellate jurist will  
join the hands of the bride and groom,  
while the band plays Mendelssohn's  
Wedding March.

Miss Annette Maddox is to be the  
maid of honor, while the eight brides-  
maids will represent the communities  
of Capay Valley, Davis, Esparto,  
Knights Landing, Madison, Washing-  
ton, Yuba and Yolo. A ring bearer  
and two flower girls will precede the  
bride.

Among the features for the celebra-  
tion will be a concert by 2500 children  
interpretative dances by Miss Pauline  
Marion of Oakland, Shakespearean  
scenes by high school students, folk  
dances, "A Night in Venice" pageant,  
a floral parade with 100 floats and  
1000 decorated automobiles, a big  
river regatta with the fastest motor-  
boats on the coast competing and a  
three-hour field meet of the combined  
athletic clubs of this city.

**Railroad Man Leaves  
Post; Successor Named**

SAN FRANCISCO, May 4.—Chas.  
N. Black, vice-president and general  
manager of the United Railroads,  
has severed his connection with that  
corporation. He expects to leave San  
Francisco about June 1, to take up  
his residence in New York City,  
where his business interests have  
called him. He will be succeeded by  
William von Puhl, who, like Black,  
is a member of the firm of Ford,  
Bacon & Davis.

Black said yesterday that he leaves  
his position here with the keenest  
regret, but that his affairs in con-  
nection with the firm of Ford, Bacon  
& Davis had suddenly assumed a  
character that compelled him to  
resign. He said that he had had  
the most cordial relations with  
twelve himself and the other officials  
of the company.

Black paid a high tribute to his  
successor. Von Puhl, he said, was  
in San Francisco for about a year  
after the fire and assisted in the re-  
construction of the United Railroads.  
Therefore, he will come here with  
some knowledge of the city and its  
transportation problems. Von Puhl  
is expected to arrive about May 13  
from New Orleans, where he has  
been the vice-president and general  
manager of the American Cities  
Company, which controls the street  
railways of New Orleans, Birming-  
ham, Memphis, Knoxville and other  
cities.

**Scandinavians to  
Celebrate at Picnic**

Fifty-eight years of adherence to  
American ideals while still retaining love  
for their mother countries, will be cele-  
brated by the Scandinavians of the bay  
counties next Sunday in Shellmound  
park. The Scandinavian society, under  
whose auspices the fiesta will be held, is  
the oldest organization of its character  
on the Pacific Coast.

Many attractive features have been  
arranged for the fest. Flag drills and  
May pole dances, in which hundreds of chil-  
dren, will represent the feder-  
ated old countries, or in stoles with  
dresses, will participate, will be among  
the notable numbers. There will also be  
games and races for handsome prizes.

The following committee has in charge  
the preparation of the fest: Nils Lund,  
chairman; Herman Julin, Alfred Gustaf-  
son, Charles Christoffersen, H. Hansen, John  
Wickstrom and H. Hansen.

**200 Boosters May Make  
Trip to Chico Fair**

Preliminary plans were outlined today  
for the big trade excursion to Chico, to  
take place May 27, when, at the Com-  
mercial Club gift, members of different com-  
mittees of the Chamber of Commerce  
of the city will be in charge of the party,  
which will be made up of 200 guests,  
and the main attraction of the trip being  
the Chico fair, where the Alameda county ex-  
hibit will be inspected. The trip will be  
made on a special train and accommo-  
dations are being arranged for 200 guests.  
The party will include the following:

Salt Lake.

TO KANSAS CITY

# JIMINEZ DECLARES STATE OF SIEGE

## Capperton Has Instructions to Use Force When Necessary.

SANTO DOMINGO, Dominican Republic, May 4.—General Juan J. Jimenez, president of the republic who was impeached by the chamber of deputies on May 2, has declared the capital in a state of siege and by decree has removed the seat of government to San Juan, a suburb of Santo Domingo.

The secretary of the interior today made the decree by which the president, according to law, shall be tried within forty-eight hours after impeachment, that the capital is in a state of rebellion and that President Jimenez is unable to appear for trial. The city is quiet.

Rear-Admiral Capperton, commanding the American navy forces in Dominican waters, is under broad instructions to use whatever force is necessary to maintain the constitutional government in the Dominican republic. The admiral recently went to the capital with instructions from Washington which declared the United States considered the impeachment of President Jimenez a thirteenth revolutionary plot.

# Fires Revolver in Saloon; Is Arrested

MARTINEZ, May 4.—Because he was refused a drink in a saloon conducted by Tony Regardio at 1 o'clock this morning, a man giving the name of Jack Hall whipped out an army revolver and started a revolution of his own, which was only quelled after an hour of hard fighting and the liberal use of a constable's club. The man was refused the drink on the ground that it was after 12 o'clock, upon which he started a fusillade of shots through the closed door.

# Woman Is Slain Assassin Attacked

SAN FRANCISCO, May 4.—Nicholas Siskind shot and killed Ida Parodi in an Italian rooming house at 712 Filbert street early last evening. Running from the place he was caught by a mob several blocks away, but he was released by a crowd of police. He said the woman with whom he had been living as his wife had caused him to be defrauded in the sale of a rooming house in San Mateo. He was arrested by a mob of Tony Pacchillo, owner of the rooming house, witnessed the shooting.

# RED PIMPLES ON BABY'S CHEEKS

Sore and Inflamed. Began to Spread. Would Itch and Burn. Face Was Disfigured. Now Clear.

# HEALED BY CUTICURA SOAP AND OINTMENT

"Small red pimples which were sore and inflamed broke out on each of my baby's cheeks. They began to spread and would itch and burn and cause him to scratch and irritate them. He was cross and fretful at night which caused me to lose sleep, and his face was disfigured for some time being. I used Cuticura Soap and Ointment and in a week's time they all cleared him of all the itching and burning and for the first time he rested peacefully at night. I only used one cake of Cuticura Soap and one box of Cuticura Ointment and in three weeks his face was healed and his skin clear and perfectly smooth." (Signed) Mrs. Emma Bradford, R.F.D. 6, Box 78, Salt Lake City, Utah, Sept. 20, 1915.

# Sample Each Free by Mail

Although Cuticura Soap and Ointment are sold everywhere, a sample of each with 22-p. Skin Book will be sent free. Address: "Cuticura, Dept. T, Boston."

# SIMPLE APPLICATION THAT DISSOLVES BLACKHEADS

No more squeezing and pinching to get rid of those unsightly blemishes. Blackheads, there is a safe, sure and sure way to get them out and that is to dissolve them. Do this by using Cuticura Soap and Ointment. Sprinkle a little on a hot, wet sponge rub briskly over the blackheads for a few seconds and the pores and every blackhead will be gone. Pinching and squeezing out blackheads breaks the skin and causes a sore way while this simple application of powdered nioxin and water dissolves every particle of them and leaves the skin and pores in their natural condition. Any druggist will sell you the powdered nioxin and about two ounces will be all you will ever need.

# ACHES AND PAINS

Don't neglect a pain anywhere, but find out what causes it and conquer the cause. A pain in the kidney, for example, will not go away until you get to the bottom of it. Don't blame the weather for swollen feet. It may be an advanced warning of Bright's disease. A pain in the stomach may be the first symptom of appendicitis. A creaking joint may be the forerunner of rheumatism. Chronic headaches more than likely warn you of serious stomach trouble. The best way to keep in good condition and to ward off all disease is to take Dr. Williams' Pink Pills for Pale People. Money refunded if they do not help you. Beware of substitutes. The only pure, imported, genuine Dr. Williams' Pink Pills are sold by the Dr. Williams' Co.—Advertisement.

# BISURATED MAGNESIA

For indigestion, dyspepsia, heartburn, belching, sour stomach, etc., take a teaspoonful of Bisurated Magnesia after eating to neutralize the excess acid which is the cause of nearly every stomach disorder. Immediate relief; pleasant; inexpensive; at all druggists everywhere, in either powder or tablet form.—Advertisement.

# Patricide Trial Resumed

BOULDER, Colo., May 4.—The trial of Stenzel Dickens, charged with the murder of his father, W. H. Dickens, banker of Longmont, Colo., was resumed in district court today. The additional jurors were sworn last night to fill a vacancy caused by illness. Six days was required to complete the jury. Dickens was killed by a shot fired through a window of his home in Longmont November 20 last.

# GREAT ORE SHIPMENTS

DETROIT, Mich., May 4.—A new record in ore shipments from the Lake Superior region for the opening month of navigation was established in April, according to figures just published. Shipments last month aggregated 1,638,111 gross tons, which is 128,196 tons more than the previous high mark for April made in 1915. It is believed that if the increase made last month is maintained shipments of ore for the season will total approximately 55,000,000 tons.

# TO CELEBRATE CUSTER

HILLINGDALE, Mont., May 4.—Active steps to commemorate the anniversary of the fortieth anniversary of the Custer massacre on the Little Big Horn in 1876 were begun today when the Billings Chamber of Commerce invited the commercial traveler of Harding, Mont., and Sheridan, Wyo., to co-operate. Interest has already been displayed by officers who were associated with General Custer in Indian warfare and many notable visitors are expected. The celebration will take place on Sunday, June 25.

# YUKON ICE BREAKS

DAWSON, Y. T., May 4.—The ice on the Yukon river in front of Dawson broke today, many days earlier than expected. Heavy snowfall in the upper Yukon valley, which was followed by a sudden thaw, caused the early break-up. Continued warm weather may cause damage before the river is clear of floating ice but thus far no damage has resulted.

# PIONEER RABBI DIES

PORTLAND, Ore., May 4.—Dr. Jacob Riebel, rabbi emeritus of Temple Beth Israel and a pioneer Jewish churchman of the northwest, died here last night, aged 70 years.

# GRAIN MERCHANT DIES

SAN DIEGO, May 4.—Andrew Johnson, a noted New York grain merchant, died at Coronado yesterday after a brief illness. Johnson, who was 70 years old, is survived by a daughter, Miss Louise Johnson of Santa Barbara, Cal.

# BRITAIN TO SAVE LIGHT

LONDON, May 4.—There now seems to be little doubt that Great Britain will follow the example of Holland and adopt the daylight saving system. Premier As-

# Mrs. C. H. Fairall Must Pay Bill of Milliner

SAN JOSE, May 4.—Superior Judge J. R. Welch yesterday decided in favor of the defendant the action for \$452 brought against Mrs. C. H. Fairall of Los Altos by Sarah E. Le Grande. The plaintiff claimed that the money was due for hats purchased by the defendant. The plaintiff failed to appear, and her attorney, John J. Jones, said that he had failed to reach her by mail. The judge heard the testimony from Mrs. Fairall and the plaintiff's attorney. In his favor, Mrs. Fairall is the widow of the late Charles H. Fairall, a distinguished lawyer.

# Extortion Suspects Face Prosecution

MARTINEZ, May 4.—After a conference today between Judge A. B. McKinnis, District Attorney Johnston and Sheriff Veale, it was announced that Pedro Lopez and Antonio Pedron, arrested for extortion and suspected of being the leaders of a blackhand gang, will not be given their freedom to leave the state. They will be prosecuted on the charge of extorting \$3000 from a wealthy merchant of Pittsburg. Following the arrest of the two, District Attorney Johnston and Sheriff Veale received warnings by letter and phone to release the men or "suffer the consequences." The case was argued in Richmond and Veale was caught in San Francisco.

# OPPOSE NEW LICENSE

MARTINEZ, May 4.—Saloon keepers of Martinez yesterday petitioned the City Council to rescind the ordinance regarding the old board a few weeks ago raising the retail liquor license from \$300 to \$500 a year. The liquor men ask a compromise license at \$400, payable semi-annually. They contend that the \$500 license is prohibitive.

# HIT BY AUTO.

MARTINEZ, May 4.—Dick Williams, a brick contractor, had a narrow escape from a fatal accident when his wagon was struck by an automobile belonging to Charles Carter. The wagon was overturned, and Williams thrown to the ground. He escaped with slight injuries.

# MARE ISLAND NOTES

MARE ISLAND, May 4.—The new transcontinental telephone service being established at Mare Island will be tested by Commander F. M. Bennett and station officials starting Saturday night and ending Monday. Mare Island is the central telephone station for Bremerton, Yerba Buena and all other naval stations on the coast and while Washington is the central station for the coast. All local business will be transacted by telephone next Monday as a preparation for the new service.

# VALLEJO NOTES

VALLEJO, May 4.—Lieutenant C. M. Tates, of the Mare Island inspection department, and Mrs. Tates, of Vallejo, were married here this afternoon at the St. Vincent's parish church by Father Asterlind, O. P. The bride is the daughter of George Russell Jones and Miss Anna Catherine Holsten was solemnized yesterday morning at the home of the bride in El Dorado street by Rev. D. W. Warfield of the Evangelical Lutheran church of this city. Her father, a brother of the bride, was best man and Miss Edith Blanner was bridesmaid.

# VALLEJO NOTES

VALLEJO, May 4.—Lieutenant C. M. Tates, of the Mare Island inspection department, and Mrs. Tates, of Vallejo, were married here this afternoon at the St. Vincent's parish church by Father Asterlind, O. P. The bride is the daughter of George Russell Jones and Miss Anna Catherine Holsten was solemnized yesterday morning at the home of the bride in El Dorado street by Rev. D. W. Warfield of the Evangelical Lutheran church of this city. Her father, a brother of the bride, was best man and Miss Edith Blanner was bridesmaid.

# DEBATE IS HELD ON STEVENS BILL

## Regulatory Measure to Fix Prices Argued at Chamber of Commerce.

Advantages and disadvantages of the Stevens bill, proposed to regulate the resale prices of retail merchandise, were discussed in debate today before the Legislative Committee on the Chamber of Commerce, when A. H. Lavenson and C. C. Young appeared as speakers against and for the proposed law.

Young urged the passage of the bill, asserting that it was a benefit to manufacturers in the department of goods, and that it was a menace to the retailer, forcing him to carry the manufacturer's burden, and an injustice to the consumer in that it would encourage the sale of inferior goods to avoid standardized branded goods.

The debate was held to gain ideas for casting the Oakland Chamber's vote for the United States Chamber of Commerce referendum. Dr. George C. Purdon presided at the meeting which was held in the Chamber of Commerce.

"From the standpoint of the manufacturer who produces and introduces new goods," said Young, "establishing a brand, this bill is a benefit. It would tend to make a monopoly, for there are competitive goods in every line, and the retailer and consumer would use these if prices were unduly raised.

"To the retailer, this would standardize the goods, and give him opportunity to market at a reasonable profit without forcing prices cutting. The only dealers objecting are those who cut prices on standard goods to give the impression of selling at goods cheaply."

Lavenson pointed out that the Stevens bill would be a grave peril to dry goods dealers and others. It would make sales impossible, he said, and disrupt business.

# NEW BISHOP INSTALLED

LEAD, S. D., May 4.—Right Rev. J. J. Lawler of St. Paul, Catholic bishop of the diocese of Lead, arrived at the See this night after having been consecrated in a warm cathedral at St. Paul, Minn. He was installed with formal ceremony at St. Patrick's Cathedral here this morning by Bishop March of St. Cloud, Minn., formerly of Lead, S. D.; Archbishop Keane of Duluth, Minn.; Bishop O'Connor of Sioux Falls and Bishop Duffy of Kearney, Neb., taking active part.

# BRAZIL NOT INVOLVED

RIO DE JANEIRO, May 4.—In his message to Congress, President Wilson points out that the international relations of Brazil are satisfactory. Negotiations, he says, continue with Germany with a view to avoid the surging of the exchange rate and also concerning the cotton debt owed by Germany and the increase of interest.

# NEW NAVY OFFICIAL

SEATTLE, Wash., May 4.—Captain Robert E. Conant, superintendent of the Thirtieth naval district was made commander of the district in charge of all naval activities in this jurisdiction, from valley to coast, including the Puget Sound navy yard today.

# ARGENTINE OFFERS BUILDING

BUENOS AIRES, May 4.—President Dr. Plaza in a decree has offered to the United States government the Argentine building at the San Francisco Exposition.

# STILL SEEK SLAYER

KANSAS CITY, Mo., May 4.—Search continued today for Charles Messer, barber, accused of having killed to death Ernest Pitts, a tailor while the latter lay helpless in the slaying chair. Friends believe he must be detained. He later developed an uncontrollable temper, they say. The wife and four children of the murdered Pitts are destitute.

# BURGLAR FIRES HOUSE

PRESNO, May 4.—The home of Mrs. S. N. Griffith was the scene of a daylight burglary yesterday afternoon when about \$500 worth of silverware and jewelry were stolen. The burglar set fire to the room to cover his tracks.

# RANCHER SLAIN FOR AIDING TROOPS

EL PASO, Tex., May 4.—P. H. Holly, a rancher, fifteen miles northwest of El Rancho, near San Antonio, Tex., was murdered by his Mexican Indian servants on the night of April 29 because he had aided a scout for American troops who went to the Holly ranch to rid it of Villistas under the bandit Carreiras. This is the information contained in a dispatch from General Pershing to General Funston today.

A detachment of the Sixth Infantry, under Lieutenant Wetherell, and guided by Holly, set out on the morning of the 20th to run down the Villistas. They dispersed the bandits, wounding two men whom they captured.

Holly stayed at the ranch that night. The next morning he was found dead and that of his foreman were found.

The dispatch did not state whether Holly was an American.

# Farmers to Meet at Sunol Water Temple

HAYWARD, May 4.—Every agricultural community in Alameda county will send its quota of farmers and their friends to the annual business meeting and picnic of the Alameda County Farm Bureau at the Sunol water temple of the Spring Valley Water Company, Saturday.

Business will occupy the attention of the members from 11 o'clock until after the picnic hour. Four directors at large and the president and vice-president of the bureau will be elected. Following a picnic luncheon talk will be given by E. K. Strohbridge, vice-president of the bureau and by Professor B. H. Crocker, of the University of California. The rest of the afternoon will be devoted to sports and games.

Arrangements are being made by the picnic committee to entertain 1000 of the bureau members and their friends. Each guest has been asked to bring along luncheon, but will be furnished with coffee and other liquid refreshments.

# Hostess to Officers of Alta Mira Club

SAN LEANDRO, May 4.—Mrs. F. C. Jones, Mrs. C. L. Best and Mrs. F. C. Johnson, resident members of the Alta Mira Club, entertained the members of the new board of the club at the "Rocking horse" luncheon at the Sunol water temple of the Spring Valley Water Company, Saturday.

Members of the new board present were: President, Mrs. L. T. Langworthy; vice-president, Mrs. C. B. Smith; second vice-president, Mrs. C. B. Smith; third vice-president, Mrs. E. E. Jones; financial secretary, Mrs. E. E. Jones; treasurer, Mrs. E. E. Jones; secretary, Mrs. E. E. Jones; and house director, Mrs. J. J. Egan.

# Timothy F. Dorgan Files in Bankruptcy

SAN FRANCISCO, May 4.—Timothy F. Dorgan, a well known business man of Oakland, yesterday filed a petition in bankruptcy in the United States District Court. He owes \$25,000 and has \$25,700 assets.

Property valued at \$18,500, on which the Oakland Bank of Savings has a mortgage of \$8500, Dorgan claims is exempt as a homestead.

As trustee C. F. Fung of Oakland filed a declaration petition for the liquidation of Dorgan to be in Contra Costa county instead of Alameda. He owes \$1453.

# High School Needs Are Told to Club

The needs and aims of the high schools of Oakland were discussed today at the Rotary Club luncheon in the Hotel Oakland, when this day was set aside for special discussion of the school situation in Oakland. The speakers included representatives from the Oakland High School and the Intermediate High School, and the work now being done in the high school and one intermediate school were discussed.

The effect of a new high school in Oakland would have a profound effect on the conditions, and the work now being done in the high school was spoken of by V. O. Lawrence presided at the meeting.

# RESIGNATION WITHDRAWN

SYDNEY, May 4.—The ministry of New South Wales has decided to withdraw its resignation which had been presented to the Labor party. An agreement has been reached whereby the question of the abolition of the upper house of parliament will be submitted to a referendum.

# 180 DAYS FOR DRUNKENNESS

BERKELEY, May 4.—Lester A. Hall was given 180 days in the county jail for habitual drunkenness.

# CAPITALIST'S WIFE NAMES 'WOMEN'

## William J. Rogers Cruel, Says Wife in Suit for Divorce.

SAN JOSE, May 4.—Alleging cruelty on the part of her husband, infidelity and four co-respondents, Mrs. William J. Rogers, wife of the millionaire lumber and shipping man of this city and San Francisco, has filed an action for divorce.

The following women are named: Dr. Matilda A. Peasey, 1545 Sutter street; B. F. McKellar, 5 Emerson street; Mrs. R. M. McKellar, 5 Emerson street; Mrs. Rogers asks \$1000 a month alimony and \$10,000 fees for her attorney.

The Rogers were married in San Jose October 3, 1889.

On December 25, 1901, it is alleged, Rogers deserted her.

For more than a year, Mrs. Rogers sets forth, her husband has failed to provide her with the necessities of life.

For twenty years, she declares, her husband pursued a course of cruel and brutal treatment toward her.

He threw her against the wall, she says; threw dishes at her, and swore at her and said he wished she was dead.

The aggregate value of the community property is fixed in the complaint at more than \$1,000,000. The complaint of the San Jose home, the buildings at 1915 Sutter street, property at 5 Emerson street, shares and stock in Central Pacific Land & Lumber Company, W. J. Rogers & Company, San Francisco Mercantile Company, Genesee Land Company.

The corporations mentioned in the community property list were organized, it is alleged, for the purpose of concealing from the plaintiff the amount of community property. It is alleged that the capital stock in the corporations are held by Rogers and the two women named, Dr. Peasey and Mrs. McKellar.

# BULGARS RESTLESS, SAYS PHYSICIAN

THE HAGUE, May 4.—Dr. Charles Pancoast of Philadelphia and Dr. Morawitz of London have reached The Hague after sixteen months, during which they have engaged in surgical work in the Hungarian and Austrian armies. They are the last American physicians to leave Bulgaria.

Their departure is regarded as a blow to the Bulgarians, who are restless in Sofia. They say a spy craze is rampant in Bulgaria, that all Americans there are subject to suspicion and that, therefore, their life there is unpleasant. They say it is evident that the Germans do not want Americans in Bulgaria.

How thoroughly Bulgaria is under German domination it was said was shown by the fact that the country virtually has been denuded of foodstuffs by the Germans. There is a general feeling of unrest, which Dr. Pancoast says he believes must reach a dangerous point within a few months when, he prophesies, popular uprisings or assassinations may be expected.

Dr. Pancoast adds that there is an unmistakable, although suppressed feeling of hostility against the Germans, of whom it is estimated there are more than 400,000 in Bulgaria.

# Overseas Club Will Hold Entertainment

BERKELEY, May 4.—The Overseas Club is planning an entertainment of various nature for Saturday evening at the Union Club. There has been a heavy sale of tickets for the affair, which will include a musical show, concert numbers and a dance.

The ministers will occupy the first part of the evening with E. H. Satlin as musical director and J. H. Pepper and D. K. Shanks as entertainers. Songs will be given by E. B. McDonald, E. Parkinson, E. J. Pepper and D. K. Shanks. In the second part of the program a sketch will be presented by Mrs. D. F. Vance and A. J. and E. Bateman. Mrs. William T. Waste and Miss Alys Martin, the latter with ukulele accompaniment, will render songs. Miss Hilling will give an original monologue.

Dancing and the service of refreshments will occupy the later portion of the evening.

# Benefit for Parish of St. Andrew's Planned

A big whist party and dance in aid of St. Andrew's Catholic church has been planned for Tuesday, May 9, at the Knights of Columbus hall.

A large committee of the women of the parish is organizing an entertainment to make this first past-lenten affair a success. The following named young women will act as score girls:

Miss Nellie Ward, Miss Emelda Smith, Miss Lily Heinech, Miss Ruth Gleason, Miss Audrey Haberman, Miss Cecelia McGowan, Miss Ernestine O'Donohue, Miss Bernice Hogan, Miss Charles Hogan, Miss Annie Hales, Miss Caroline Davis, Miss George Coughlin, Miss Lillian Sheehan, Miss Mary C. Ward, Miss Florence Alexander, Miss Veronica Sexton, Miss Adela Leonard.

# Mrs. Coolidge to Talk on 'Social Failures'

"Social Failures" as Mrs. Mary Roberts Coolidge, president of the California Civic League, sees them, will be presented to the Child's Welfare League next Monday afternoon at Hotel Oakland, when the final meeting of the season will be held. Mrs. Coolidge will deliver the only address, and Mrs. E. F. Powell of Berkeley will preside. The meeting will take place at 2:30 o'clock and will be open to the public.

# St. Andrew's Calls San Jose Rector

The vestry of St. Andrew's Episcopal church, Twelfth and Macdonald streets, West Oakland, has extended a call to Rev. A. Lumsden Mitchell of Christ church, San Jose. He will take permanent charge of the parish next Sunday and will assume charge of the Good Samaritan Mission at Ninth and Oak streets, acting as the vicar for Rev. Alexander Allen.

# Is Divorced From Spanking Husband

LOS ANGELES, May 4.—Married two years ago at 17, to Charles F. Rhind, 52, Mrs. Margaret H. Rhind is today granted a divorce, provided she returns to the home of her husband. She was charged with having been "seduced" by a fair brush by her husband, who was more a father than a spouse.

# McAdoo Slight Is Explained

## British at Trinidad Made Error

WASHINGTON, May 4.—The reception given to Theodore Roosevelt at Trinidad during his recent West Indian trip quite eclipsed that arranged for Secretary McAdoo, who came along a little later, so the British ambassador, Sir Cecil Spring Rice, personally paid a visit to President Wilson today and expressed regret through a misunderstanding, standing around the president, the secretary of the treasury had not been received with ceremony appropriate to his position. British officials learned to their amazement that the governor of Trinidad had outdone himself to make the reception according to Colonel Roosevelt, but apparently was little impressed with the coming of Secretary McAdoo, who was returning from the meeting of the Pan-American High Commission at Buenos Ayres. The ambassador's explanation closes the incident, if it was one.

# STANFORD PLANS ALL YEAR TERM

Stanford University, May 4.—Leland Stanford Jr. University officials are considering dividing the year's work into four quarters of three months each, instead of into two semesters, as at present. Under the proposed plan, which has been adopted in several eastern universities, the long summer vacation would be eliminated, but professors and students would be permitted to absent themselves from the campus one quarter each year.

Students and faculty members will be given more time for outside work and research, according to the new system of class-room hours just announced. Beginning with next September the day's work will begin at 8:15 a. m. and end at 5 p. m. instead of 8:30 a. m. and 4:30 p. m., as at present. More classes will also be held on Saturdays than are being held now.

# College May Never Close for Vacation; New Hour Schedule.

STANFORD UNIVERSITY, May 4.—Leland Stanford Jr. University officials are considering dividing the year's work into four quarters of three months each, instead of into two semesters, as at present. Under the proposed plan, which has been adopted in several eastern universities, the long summer vacation would be eliminated, but professors and students would be permitted to absent themselves from the campus one quarter each year.

Students and faculty members will be given more time for outside work and research, according to the new system of class-room hours just announced. Beginning with next September the day's work will begin at 8:15 a. m. and end at 5 p. m. instead of 8:30 a. m. and 4:30 p. m., as at present. More classes will also be held on Saturdays than are being held now.

# ENFORCE RED LIGHT LAW IN RICHMOND

RICHMOND, May 4.—Rev. F. E. Peterson of First Methodist church, president of the Good Government League was in Martinez yesterday in conference with District Attorney Thomas E. Johnston.

"I was informed by the district attorney yesterday that he has within his power to enforce the provisions of the Red Light Abatement Act, which will secure a temporary injunction against the conductors of houses in the tenderloin district which will force them to close immediately," said Peterson.

"I was also given to understand," stated the pastor, "that this move had been contemplated for some time, and which the city gives to proprietors expired yesterday, but since they have been brought up to the law, it will probably not be enforced to the letter and they will be shown all possible leniency."

# Manager of P. G. and E. Off for Eastern Trip

Frank A. Tench Jr., local manager of the Pacific Gas and Electric Co. and his wife have left for an extended trip throughout the East. The five day trip will include a visit to the large cities of the country for the purpose of studying utility conditions. The Pacific Gas and Electric Co. has pioneered in high pressure gas and in the high voltage transmission of electricity. ## Pasadena Now Has Owl Drug Store

The Owl Drug Company's chain of stores has been increased by the addition of a new store in Pasadena. The company now has twenty-two stores in nine cities. Seven of these are in San Francisco, four in Oakland, five in Los Angeles.

The opening of the new store in Pasadena practically even up the Owl's average of one store per year, this being the twenty-third year in its history, and its twenty-second store. The company has been in business nearly twenty-four years. After the San Francisco fire, ten years ago, but three stores were left. The other nineteen have since been installed.

The Owl Drug Company bought out a drug store in Pasadena which had been established for some years at the corner of Fair Oaks and Colorado streets. This store is now being thoroughly renovated and remodeled and will be equipped in a manner to give the same service that has made The Owl Drug Company famous in the midst of surroundings of the usual superior nature.

## LABOR IS PROSPERING, U. S. BUREAU SHOWS Average Wage Increase of 11 Per Cent in Several Industries Given

WASHINGTON, May 4.—Figures compiled by the bureau of labor statistics today showed that the average wage increase in the industries where there have been increases in the United States in recent years has been 11 per cent. The following average increases have been put into effect:

Nineteen per cent, paint manufacturing industries.  
Seventeen per cent, automobile and auto part factories.  
Fifteen per cent, flour and grist mill workers, shipbuilders, electric supply industries, iron and steel workers.  
Fourteen per cent, rubber goods, machinery foundries, locomotives.  
Thirteen per cent, lime, dry goods, hardware, paper and products.  
Twelve per cent, pottery, pressed brick, grocers, woodmen.  
Eleven per cent, chemicals, clothing, soap, fertilizers.  
Nine per cent, agricultural implements, furniture, shoes, leather, silk, lace.  
Eight per cent, confectionery, common cotton goods.  
Seven per cent, department stores, hats, watches, advertising, office machine, dental supplies, roofing material.  
Six per cent, tobacco and cigars.  
Five per cent, coal and coal mining, carpets, rugs, linoleum, glass.

For the most part these increases have gone to skilled labor, but there have been numerous increases in wages paid unskilled labor.

CONSUMERS NOT REPORTED.—These figures given do not include increases that have taken the form of a bonus, as in many munitions plants.

The \$54,000,000 annual increase in wages which began May 1 for 705,500 workers will stimulate 2,293,500 others to immediate demands, Secretary Morrison of the American Federation of Labor predicted.

In addition to this vast number of organized labor's members Morrison said he expected numerous demonstrations from the far larger number of unorganized workers.

"It is the history of thirty years that May should see new demands by laborers," he said. "May marks the real beginning of spring. The workman who has had an indifferent fall and winter reviews the past twelve months' labor and decides whether to continue under the same conditions or to demand changes."

CONFERENCE AT PITTSBURG.—PITTSBURG, May 4.—Clifton Reeves, conciliation commissioner of the United States department of labor, and representatives of the state bureau of arbitration and mediation continued their efforts today to settle the strike of employees of the Westinghouse plants in East Pittsburgh and vicinity. Conferences were held with representatives of both sides and plans were made for a meeting between President Parson of the Westinghouse

Electric and Manufacturing Company and a committee of workmen. Quiet prevailed throughout the night and the authorities expressed the belief that there would be no further trouble. Nearly 1200 members of the Pennsylvania National Guard are now scattered throughout the strike zone.

1800 MEN STRIKE.—DETROIT, Mich., May 4.—Sixteen hundred employees of the Kelsey Wheel Company are out as the result of a strike declared today.

HAWAII PLANTERS RAISE MEN.—HONOLULU, T. H., May 4.—The Sugar Planters' Association announced today that the wages of laborers in the sugar industry here would be increased 20 per cent, with a semi-annual bonus of 20 per cent for workers averaging twenty days monthly. The high price the product is now bringing was given as the reason for the increase, which, it was announced, would affect 40,000 laborers.

CLEVELAND AVOIDS STRIKE.—CLEVELAND, May 4.—By a vote of 113 to 49 the street car men early today voted to accept the compromise offer of the Cleveland Railway Company on the men's wage demand, thus eliminating all chance of a street car strike.

VANCOUVER MILKMEN QUIT.—VANCOUVER, B. C., May 4.—Seventy-five milk wagon drivers went on strike late last night to enforce a demand of the Milk Drivers' Union for improved working conditions. About half the milk wagon drivers employed in the city are involved in the strike, which was called immediately after George Anderson, president of the union, reported that none of the dairymen had signed the union agreement. The principal point over which the union and the employers disagreed was the union demand that the men should not be held responsible for accounts due from their customers. The question of wages is not involved in the strike.

CHICAGO THREATENED.—CHICAGO, May 4.—The possibility of a strike of \$500 milk wagon drivers loomed up here today with the announcement that a wage increase of \$2 a week would be demanded by the drivers tomorrow at a conference between representatives of the drivers' union and the Illinois Milk Dealers Association.

The drivers, it is said, will demand also that the dairy companies cease the employment of collectors and leave that work to the drivers. The drivers are now getting \$13 a week.

## Attorney Creely Will Be Buried Tomorrow

Funeral services will be held tomorrow morning at St. Francis De Sales church for James H. Creely, the lawyer who died suddenly yesterday when stricken with paralysis on a street car. The cortege will proceed from the family home, 1608 Myrtle street, at 8:30 o'clock and a regular high mass will be said at the church at 9 o'clock. Interment will be in St. Mary's cemetery.

Creely was stricken while returning from a business conference in Alameda, and died before medical aid could reach him. He was born in Stockton in 1857, the son of James H. Creely. He was graduated from the Hastings College of Law, and first practiced in the offices of Gordon and Young in San Francisco. He came to Oakland ten years ago. He was a member of the Alameda County Bar Association, and was also prominent in the Young Men's Institute, and the Reliance Athletic Club. He is survived by a widow, Mrs. Florence Creely, two daughters, Clara and Marion, four sons, Frank, Carl, James and Sumner, and two brothers and three sisters, Dr. E. T. and Dr. T. R. Creely, and Margaret, Ann and Cassie Creely, all of San Francisco.

## Children Will Be "Bride and Groom"

Midgets of extremely tender age will imitate their elders going through the red tape of a formal wedding, tomorrow evening at 8 o'clock at Masonic Hall, Eighth Avenue and East Fourteenth street. The proceeds will go to the Eighth Avenue Methodist Episcopal Sunday School.

There will be a bride of four or less years, but with a very long veil and train, and there will also be a groom in the stiffness of full dress. A wedding party correctly drilled will assist in giving the "Tom Thumb Wedding."

## Oakland Club Affirms Officers Nominated

The selection of Mrs. E. L. Ormsby as president of the Oakland Club was confirmed yesterday when the annual election was held in the club rooms at Starr King Hall. Reports of the chairman of departments and of delegates who attended the convention at Del Monte were also heard. The officers of the club, headed by Mrs. Ormsby, are: Mrs. C. L. Tabor and Mrs. W. D. Smith, vice-presidents; Mrs. J. J. Moran, recording secretary; Mrs. E. E. Adams, financial secretary; Mrs. L. R. Tutt, corresponding secretary; Mrs. J. E. Sanborn, assistant secretary; Mrs. E. M. Jones, treasurer, and Mrs. F. H. Green, chairman of departments. The club heard the annual committee reports.

## Pays Fine Rather Than Face New Trial

CENTREVILLE, May 4.—Rather than undergo a second trial for driving an automobile while intoxicated, when the jury disagreed in his case, John Williams, San Jose merchant, paid a fine of \$55 in justice of the Peace Mattos' court here yesterday.

"I don't want to go through this again," exclaimed Williams when the jury failed to come to an understanding. "I think I will plead guilty and have it over with." Judge Mattos fined him \$55.

## You Can Stop Drinking

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

ORRINE is for home use, thus making loss of time at a sanitarium unnecessary. Costs only \$1.00 per box. Call at our store and get a free booklet on ORRINE.

## MISSING PRITCHARD WANTED BY MANY

Six California Cities Offer Details of Alleged Swindle.

Within 12 hours of the time that public knowledge was had of his disappearance, residents of six California cities have come forward with the claim that Edward Earl W. Pritchard, Annapolis graduate, has swindled them through the manipulation of Realty Syndicate bonds. According to the police, Pritchard has operated in Oakland, San Jose, Santa Cruz, Ferndale, Los Angeles and Santa Rosa. The operations so far traced, say the authorities, netted the missing officer more than \$12,000.

Warrants for Pritchard's arrest on felony charges were held by the Oakland and Santa Cruz police. Dr. H. V. Montett, of Santa Cruz, has had a complaint issued. He avers that Pritchard induced him to give up Realty Syndicate

certificates of a face value of \$2500, for which he received nothing but promissory notes. The missing man has been wanted by the Oakland police since October of last year, when P. H. Weber, 9335 East Fourteenth street, complained he had been swindled out of \$275.

Pritchard has been missing since March 2. His wife, who is at the Dallas Apartments in Larkin street, San Francisco, says that her husband had been drinking heavily and was despondent before his disappearance. Mare Island officers have protested the association of Pritchard with the navy, declaring that he ranked high with his Annapolis class, but resigned before seeing service.

The missing man is said to have had at least three victims in Santa Cruz. Dr. H. J. Clark, former mayor, and Mrs. Henrietta C. Kunitz both claim to have lost through a "sale" of their Realty Syndicate certificates to Pritchard on his promise to pay them sums almost double the market quotations. All payment arrangements were made for three months after each transaction. Mrs. Kunitz avers she lost \$1300 worth of certificates.

R. W. Herrold is the San Jose man who has made complaint against Pritchard, although he has not yet sworn to a warrant for his arrest. He claims that he gave the navy college graduate \$1900 worth of bonds last October, when they were quoted at 40 cents on the dollar. Pritchard, he said, promised to pay him 75 cents in three months' time.

## Civil Club to Meet and Elect Officers

The Piedmont Civic Club members will hold their annual meeting tomorrow afternoon at the Piedmont Avenue School, at 2:30 o'clock, when officers for the coming year will be elected. At 3 o'clock there will be addresses by Commissioners Anderson and Baccus and a lecture on "The Changing Orient," by R. S. Wheeler, formerly a principal of the school. At the conclusion of this program, the domestic science classes of the school will serve tea, and the club will enjoy a social hour.

## Chinese Has Newest Nature Fake Story

LOS ANGELES, May 4.—The River of Doubt and the bearded fish are passe. Ideal immigration officers here have unearthed a nature fake which they claim puts these world wonders ignominiously in the shade.

Wong Quong, basing his calculation on Chinese mathematics, is on record today as having been born ten years after the death of his mother.

When officers questioned him, Wong told them he was born in 1886. In the

## Voliva to Save, Not Educate

Children of Zion to Hear New Doctrine

ZION CITY, Ill., May 4.—A school kid's paradise was planned here today by Wilbur Glenn Voliva, overseer of the colony of followers of the late John Alexander Dowie.

If a girl doesn't want to study algebra, she doesn't have to, declared Voliva.

"And there won't be any damn examinations," he added. Salvation is more important than education and it is far more important for a girl to learn to make a pie than to learn algebra. In the Zion schools there will be no examinations. I will remove the Spanish inquisition and the Juggernaut system. It's a relief of barbarism and there isn't one thing to be said in its favor."

In the same conversation he said his mother died in 1878, and his father's death occurred three years later. Wong faces deportation.

## "We prefer to offer you Kayser silk gloves, because—

they give a service that you cannot find in other silk gloves, the special sale kinds.

"Kayser gloves are made of pure silk, not weighted, and so they keep their shape and wear. Of course, you know about the double finger-tips—the original Kayser idea. They are guaranteed."

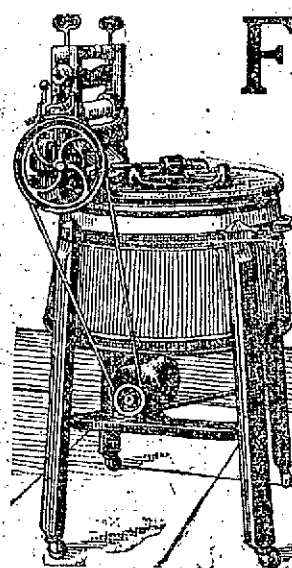

So many millions of women prefer them that more Kayser Silk Gloves are sold than all other silk gloves combined, and this is why they are to be found in the high class stores throughout the world.

Kayser Silk Gloves cost no more than the ordinary kind; whether two clasp, twelve button or sixteen button lengths Kayser's always represent the best value at the price. The name Kayser is in the hem and with each pair is a guarantee ticket that the tips will outwear the gloves.

## Mexican Clouter Better Man Than Fans Figure

### Ortega Stops Fighting Teamster in the Second Round

Cliff Lester stuck out his jaw obligingly and invited Battling Ortega to hit him. Ortega, a big, burly fellow, wearing off, rose three feet above the crowd, and with a lightning-like movement, landed a right on Lester's face and the fighting began. Ortega was the aggressor, but he was the victim of trying to discourage Lester, but it didn't work with Ortega. In the second round, Lester was covered by the crowd, and so damaged around the middle of the fight, that referee Beament stopped the fight. The crowd thought that Lester could fight must have been a mistake. Outside of being able to stick his jaw out, Lester was a good fighter. In his fight with him, Lester's performance for the night were nil.

At the time of the going did he have Ortega backing up or getting the wave of the punching. The matter was in great part, clipping fierce jabs to Lester's stomach. Ortega was a good fighter, but he was the aggressor, and he was the victim of the crowd's unprotected jaw until the referee took such punishment. Lester was a good fighter, but he was the aggressor, and he was the victim of the crowd's unprotected jaw until the referee took such punishment. Lester was a good fighter, but he was the aggressor, and he was the victim of the crowd's unprotected jaw until the referee took such punishment.

The old adage that a good time was had by all was not a lie. The crowd was proven when they heard Hendricks, the famous Dan, defeated John Rustling, the famous St. Louis fighter. Rustling is easily the biggest fellow ever turned loose in a local ring. However,

Ortega, though his opponent would have been defeated by any of the fair four-hundred-pounders, he was not satisfied to continue to improve in his boxing and general all-round ability with the Salinas boys. He had a new and the best fighting machine that the amateur game has developed.

But the boys have liked the bout to go even farther than the second round, but Lester was so fatigued and so tired that he was not able to make any target that the "Mex" couldn't see from letting loose some of his rip-roaring punches.

Aside from the Ortega-Lester fiasco, the rest of the West Oakland Club's season was up to the regular Simpanian standard.

**BOX SEVENTH DRAW.**

Phil vs. Pete Nolan's winner. Jimmy Ford vs. Earl Wright's draw. It was their eighth bout and the boys were so tired that they could do nothing else, even that they could do nothing else but cut for a draw yet.

As has been written down eight times, the boys were in the eighth rounds and Ford closed strong enough to enter minutes in the final sessions. If it were not for the fact that he was so tired for the final round, he would

He knew little about the art of punching and though he used a straight left that he had learned from his father, he was not as good as the other boys. He hated the big fellow's jaw continually and he was not able to get any of his boxing was the game and came back for more all the time.

**BOX EIGHT WITH TUTORING.**

With a little tutoring there is no reason why Rusting should not develop into a good man. He has the size and proportion of a champion, but he is not as good as he is. These assets are enough to start any lad off to the hall of fame.

On the first night, the boys were to box, came through again last night, and dropped Ed Westey, a colored lad, from the first round. On the second night, southpaw, started like a woider. Morris soon fathomed his style, however, and on the third night, he was able to get a few jolts to the jaw, sent the little chocolate drop to the mat, Sammy Pelsinger, and on the fourth night, he was able to beat by beating Frankie Wolgast, a surprise in and in every round. The bout was a slug-fest and the boys were in the eighth leading in the mixing. As the night was over, J. E. Jere and Jack Brown acted as judges. There was not a decision that didn't please the judges.

**TECH HIGH BATTLES STANTON TO COACH  
BERKELEY TODAY OCCIDENTAL**

The Oakland Trench and Berkeley high school basketball teams lineup at California field, Berkeley, today in the final Alameda County Athletic league game of the season. A victory for Tech will give them the county championship for the second year in succession.

Bobby Smale will probably hurtle for the Techites, with Bud McCord on the opposing side. The boys are sure they will win. Tech will hook up with San Jose high for the Northern California basketball championship Saturday.

The Alameda County high school's county championship track team will not suffer greatly through loss by graduation. The team, which last year represented Tech in Saturday's meet, only Bob Hutchinson, team star sprinter, will

LOS ANGELES, May 4. — W. L. Stanton, formerly coach of Pomona college at Claremont, California, has been appointed head coach of the Pomona team at Occidental college, here. Stanton was appointed to a similar position with the Oregon Agricultural college. This appointment was made known today by John Willis Beer, president of Occidental.

The appointment came as a surprise to the Pomona coaches and athletes, as it was believed that Walter R. Child, former football coach at Washington State college in Pullman, Washington, would be named to the position.

Stanton coached the Pomona college athletes eight years. He conferred his resignation on the board of trustees at the end of the present college year. He will assume his new post next fall.

## ROWLAND AND FABER ARE HONORED

DUBUQUE, Iowa, May 4. — The Chicago American league team defeated St. Joseph's college of Dubuque yesterday, 9 to 0, in an exhibition game. The Sox landed a battery to the collegians, Faber, who formerly played on the St. Joseph's team, but who now is with the big leaguers, starting the game with Lapp to relieve for him.

On the occasion of a big demonstration by Dubuque fans to the Faber and Manager Rowland of the White Sox, who formerly was a Dubuque resident, the following scores were made:

St. Josephs .....	000 000 000—0	3	5
Americans .....	014 003 001—9	11	1

Batteries—Faber, Wolfgang and Lapp;

**STANFORDITES ELECT CAPTAIN.** STANFORD UNIVERSITY, May 4. — Allan H. Barber of Los Angeles was named captain yesterday of the Stanford university tennis team. He succeeds Herbert L. Bahr of Pasadena.

## FROM THE OTHER SIDE.

The present hearing before the Interstate Commerce Commission is in one sense a fight on the part of the Pacific Coast railway terminal cities to be saved from the commission. This is due to a curious reversal of economic conditions. When the canal was first opened to commerce, the railways solicited and obtained permission from the Interstate Commerce Commission to lower transcontinental freight rates, in order that they might meet the competition of shipping facilities from coast to coast through the canal. Inland cities who were forced to pay the terminal rate, plus the so-called back haul, opposed the schedule, though not the reduction, in which they shared.

Now these interior cities have petitioned the commission to restore the rates prevailing before the canal competition forced a reduction. It is not argued by the railways that the higher rate is necessary to pay reasonable dividends on their investments, and all the usual reasons for advance of rates. They are not showing a great deal of concern. Perhaps they are just "lying low" to see what will be the outcome of consumers and shippers urging that freight rates be increased.

Coincidentally the shipping companies have sent representatives to Washington to say that they do not object to the railways increasing their rates. Their attitude is quite obvious. The shipping companies are not anxious at present to re-enter the canal trade. They are making too much money in the trans-Atlantic and the South American trade. They believe the demand for American ships to transport provisions to Europe and other foreign fields will continue long after the war. Hence the prospect of returning to the coast-to-coast route, where the competitive rates of the transcontinental railways would have to be met, is not particularly inviting. Furthermore, if they should have to return, they would not object to see the railroad charging a higher rate than at present. The intimation that the shipping concerns will not attempt again to cut rates is plain.

In the meantime the commission is placed in the unprecedented position of saying whether or not it will permit, on the prayer of shippers, railways to increase rates. And Pacific Coast cities are wondering whether the thing will be done. A curious situation, indeed.

## AN IMPORTANT DECISION.

Of more academic than material interest perhaps is the decision of the United States Supreme Court declaring unconstitutional the Louisiana sugar refinery monopoly act. But there is so much in the Louisiana statute, and in the opinion written by Mr. Justice Holmes, comparable to regulatory legislation in other States, that it may well be considered in connection with cases designed to test California statutes which are now on their tedious way to the Supreme Court.

The Louisiana law provided for a tax on certain refineries when for the public good. It made it presumptive, but not absolute, proof that a refining company was engaged in an illegal monopoly if it bought sugar for less in Louisiana than in other States, and if it allowed a refinery which it had bought to stand idle longer than one year.

Justice Holmes says, in part: "The answer shows that the plaintiff is the only one to whom the act could apply and that the statute was passed in view of the plaintiff's conduct, to meet it. It is upon the assumption of the latter fact that the argument is pressed that the plaintiff has no standing in equity since it made the legislation necessary. If the connection were admitted it would be so much the worse for the constitutionality of the act. We deem it enough to say that neither that supposed connection nor the general intimations of the plaintiff's wickedness in the answer deprive it of its constitutional rights or prevent it from asserting them in the only practicable and adequate way. The statute bristles with severities that touch the plaintiff alone and raises many questions that would have to be answered before it could be sustained."

We have here, the daring effort of a State

legislature to coerce an individual by special legislation, declaring it an outlaw in effect because the special legislation was passed. It may be an extreme case of legislative enthusiasm, but it is not much above the general tendency to enforce punitive regulation of business evidenced during the last decade.

## TO TRY COMPULSORY SERVICE.

Senator Stivers of the New York legislature has introduced a bill providing for compulsory service in the New York State militia, making all male citizens subject to draft if the public interest finds it advisable in order to increase the number of enlistments. Failure to obey the compulsory summons is punishable with five years' imprisonment. Governor Whitman has announced that he will sign it when passed by the legislature.

It appears that the law of 1870 provided that the entire militia, meaning all the citizens, shall be enrolled whenever the governor deems it necessary. This law is still in effect, but there is no provision for training the enrolled men. Thus the theory of compulsory service has long been accepted and now New York is to put it into actual practice.

It will be instructive to see how the experiment works out. A lot of the more hysterical pacifists will bitterly oppose it but it will do no harm to let at least one State show what can be done regarding this particular phase of national defense suggestions. Few of us realize that the Federal military law of 1792 providing for enrolling the militia of all States, all men between eighteen and forty-five years of age, and every man had three days compulsory service a year. Compulsory service is one of the oldest American institutions, and while we are hopeful that the nation will never have to rely upon it to provide necessary defense, there is nothing to be gained by closing our eyes and stopping our ears in horror every time the word "compulsory" is mentioned. There is nothing new about it; the doctrine that every citizen owes service to the State is as old as organized government.

## NEW POLICY NEEDED.

Pathetic episodes in the Irish revolution in Dublin are now being enacted. Yesterday four leaders of the revolt died in front of a firing squad. Thousands are reported to have been arrested and they will be dealt with summarily.

To we of America who have watched with deepest sympathy the cause of Irish independence these scores of years and who recall the famine days, a great tragedy has befallen the cause of Irish freedom. The time for revolt was ill-judged, because the self-government advocates could not be united at this time. A large section of the Irish people, and particularly the influential spokesmen for the Irish cause, are determined, it is apparent, to place the solidarity of the British empire superior to the freedom of their own land while foreign enemies are assailing England.

We do not yet possess all the details of the causes leading up to the premature declaration of an Irish Republic, but such reports as have been received justify the conclusion that foreign voluntary advisors are partly to blame. The enthusiastic leaders of the independence cause were deceived into believing that the time for victory was at hand and that once they started hostilities against English rule assistance would be forthcoming from other sources.

England may find the task of putting down the rebellion relatively easy at this time because of the cooperation she is receiving from certain leaders of Irish parties, but she may rest assured that the spirit of liberty will never die out of the hearts of Ireland's men and women. And unless she prefers to patrol eternally the hills and valleys of Erin with armed soldiery she would wisely alter her policy of domination and peacefully acknowledge the right of the Irish people to govern themselves. If such a new policy was adopted the oppressed might in time forget their bitterness. But needless executions and relentless oppression of the people will only make bitterness more deep-rooted and dangerous to the general peace.

Representative Keating demands that Secretary of the Treasury McAdoo investigate the charges made by an employee of the Industrial Relations Commission (an unofficial organization) that the federal government is being defrauded out of incomes taxes at the rate of \$320,000,000 annually. That will be a big job, if undertaken, but Mr. McAdoo's deep knowledge of book-keeping gives him an initial advantage over most other financial experts. However, we venture that he will be loath to admit that the government is being cheated out of \$320,000,000 annually. The income tax has come up fairly close to the estimate of the Democratic revenue fixers, and when that is done the Democratic administration is more than satisfied. It does not care to go farther or know more.

Archaeologists have unearthed in Egyptian tombs of seven thousand years ago bronze mirrors lying by the side of mummies of women. Beads, jewelry and gems were also found in the tombs of Pharaoh's daughters of the first and second dynasty. The importance of woman's toilet and personal adornment has been shown to have exerted a strong influence upon invention, industry and art. Let us henceforth regard it with a bit more reverence.

## NOTES and COMMENT

The latest election returns appear to warrant the conclusion that California has recovered from her political nightmare.

The Grass Valley canneries urge householders to plant beans in their vacant spaces. The advice may lend itself to the paragraph, but it seems to be reasonable.

A good many persons decry "ragging," but Berkeley gathers in mass meetings against it. It was not generally understood to be as serious as that in the college town.

"No powder; no noise; just killing!" is the laconic description of the latest type of gun. Inventive genius appears to possess a devilish effectiveness when it applies itself to war weapons.

The trouble with Oregon's representations that Carranza can take care of Villa is that we have only his word for it. There is uncertainty as to whether he could if he would, and indeed, whether he would if he could.

The retirement of David Starr Jordan from Stanford, after twenty-five years, is the creditable closing of a notable career, so far as active college work is concerned. He has been a great force in the intellectual progress of the state.

The deviousness of the recall law—how it lends itself to fraud—is illustrated in Jackson petitions, nearly one-quarter of which are defective. Yet the circulating of them and their official examination and consideration entail great labor and expense.

If you are guided by the experience of former Governor Hadley of Missouri when you sit for your portrait you will wear a green tie. He wanted to wear a blue polka dot, just like T. R., but the artist wouldn't stand for it. There is a law suit over it now, bringing out these facts.

The Redwood City Times-Gazette figures it out that "every man is a part of his town. The town embraces the fortunes, and in some measure at least takes on the character of the man. So loyalty to one's town is no more than loyalty to self; and this loyalty is in the line of all well-shaped human nature."

## SPIRIT OF THE STATE PRESS

A Wisconsin professor has discovered that a ton of sawdust will yield 25 gallons of alcohol. What mountains of potential lag material must be piled up around Sirling City!—Chicago Enterprise.

The Hanford Power and Light Company is reported to have voluntarily petitioned the Railroad Commission for permission to reduce its power and light rate. Can't be!—Modesto News.

The lobby alleged to be maintained in Washington in the interest of higher pay for the officers of the national guard has brought the patriotism of that body of men into question in some quarters.—Corning Observer.

Alden Anderson is out for Johnson for vice-president. Say what you want, Alden is a generous-hearted, forgiving fellow.—Bakersfield Californian.

Former State Senator Lee C. Gates is still in a critical condition at the California hospital, where he has been ill for the last ten days. The former senator is suffering from Bright's disease.—Los Angeles Express.

Boob Creek is the scene of the latest mining excitement. But what's in a name? Daily-day miners in Kern county made money on Greenhorn mountain.—Bakersfield Echo.

## TRAINING CAMPS AND MILITIA.

The publication of a list of 137 corporations, including banks, trust companies, insurance companies, industrial and other organizations, that have pledged themselves to give their employees leaves of absence on full pay in order that they may attend the training camps at Plattsburg next summer, is encouraging evidence that the military training of citizens will proceed on a fairly large scale. The need of military training is now recognized throughout the country. Too many ways for our young men to get it cannot be provided.

It is estimated that fully 30,000 men of military age will be trained under federal supervision in the various camps this year. The example of the business men of New York, Boston and Philadelphia who have promised to help the training camp movement by granting leave of absence with pay to their employees who are willing to subject themselves to intensive training will be followed in other States. If, besides the training camps already provided for, we could have the volunteer act put in immediate operation, this system of training citizens for military service would be carried on throughout the country. It could interfere in no way with the proposed development of the organized militia of the States. The provision of the law objected to by the spokesmen of the National Guard amounts to nothing more than an extension and recognition of the training camp system.—New York Times.

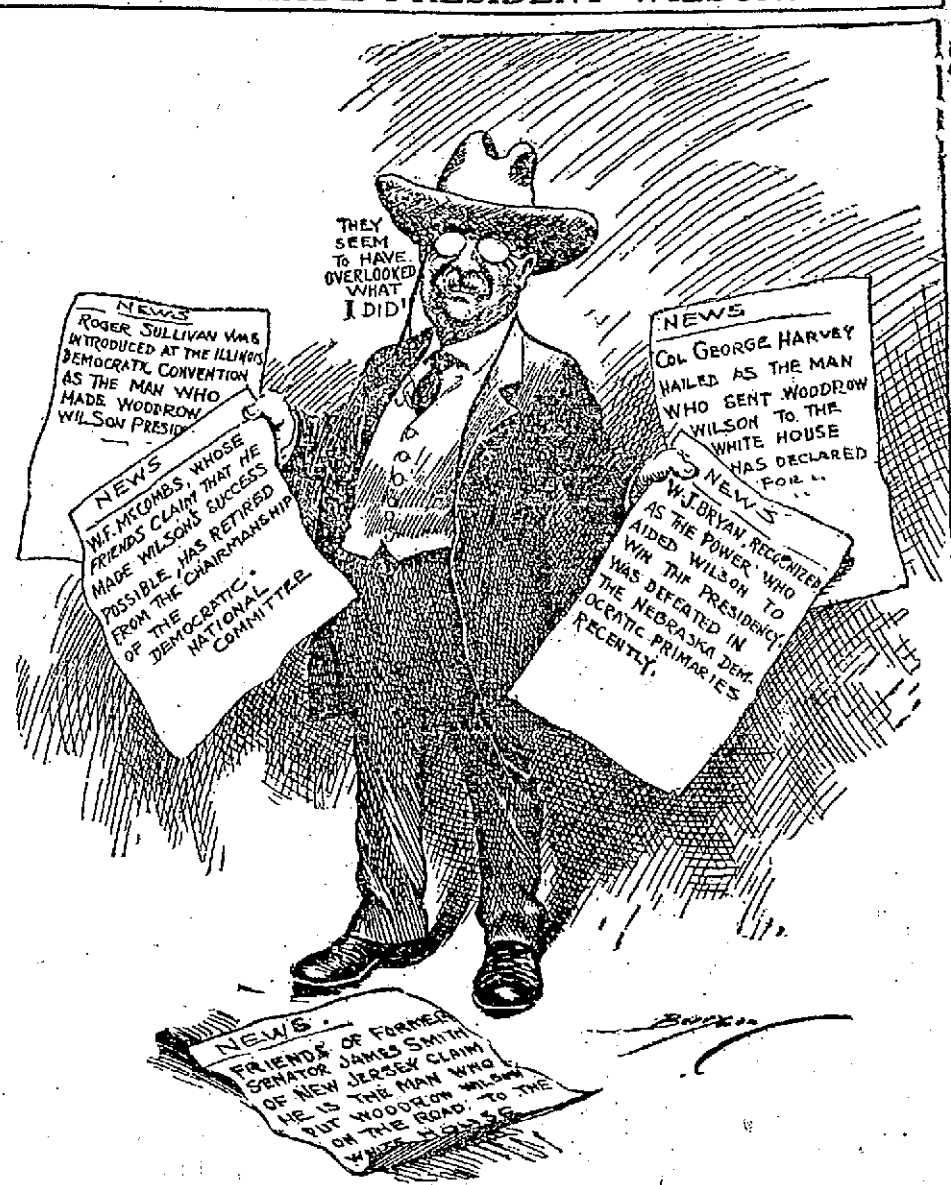

## MCADOO EVADES PERU.

If cable advices are correct much of the good expected from the visit of the American section of the International High Commission to South America will be lost through the action of Secretary McAdoo and his fellow-members in refusing to land at Callao because of a report that the bubonic plague was existent in that city. The cruiser Tennessee entered port and left forthwith, much to the disgust of the Peruvians, who had made great preparations to entertain the guests at Lima. The excuse given is that the Tennessee would have been quarantined at Panama.

It is a most unfortunate incident, for Peru desires close relations with this country and needs them very badly. She experienced a panic at the outbreak of the European war caused by the disturbance of her finances. From this she has been recovering, but is in great need of American capital. A number of important enterprises are afoot, while no nation expects more from the Panama Canal trade.

It is most ungratifying to see the Secretary of the Treasury running from fear at a time when he was charged with a mission of the first importance.—Philadelphia Inquirer.

## WHO MADE PRESIDENT WILSON?

## How the Swiss Youth Is Taught Soldiering

By WILLIAM G. SHEPHERD (United Press Staff Correspondent)

BERNE, May 3.—"My son and his regiment know how to die, but they didn't know how to fight."

The English father who said this of his dead soldier son who had been trained only three months points a picture of the plight of the average American if the United States were plunged into war and needed millions of troops quick.

It's all right to know how to die, they say here in Switzerland, but it's better to know how to fight. By fighting you lessen your chance of dying. A soldier hasn't got any right to die, unless there's nothing else left for him to do.

Fighting today is an exact science. Read a book of military instructions. It tells you every last thing a soldier ought to do, in every possible contingency. Master militaria have worked it all out and put it down. Swiss citizen-soldiers know how to do twenty different things in a pinch, before they resort to dying. They know how to die, too, if it comes to that.

How long does it take a Swiss youth to learn how to fight? In a few days. How long would it take an American youth to learn the same thing?

Just one hundred and fifty-three days! Of forty-eight years, a Swiss citizen-soldier gives half a year to learning how to be one of the best soldiers in the world.

In all this time he is forced to fire only 1000 shots. He does first more, it is true, because his 1000 shots teach him that sharp-shooting in the open air is more fun than kelly pool shooting in a smoke filled room.

Switzerland is full of shooting clubs. One hundred and forty-three days in camp and the firing of a rifle 1000 times in twelve years and you've got your crack Swiss private soldier.

Two hundred and thirty-eight days, taken out of a lifetime, makes a corporal. A sergeant is made in 283 days and a lieutenant spends 402 days, out of his entire life, to learn his job. A captain of 48 years has put in 833 days, altogether. These periods of learning and experience are spread over a long stretch of time.

The first bit is 55 days. When you're 20 years old you go into a military school for that time.

You don't give up your job to do it, either. Let your boss try to give your job to somebody else while you're gone, no matter whether you're a bank clerk or a farm hand, he'll go to jail if your job isn't open for you when you come back.

What's more, if he has any pride at all, he'll pay you your wages while you're gone. Let his neighbors find out he didn't and they'll cut him dead.

He's a better man than you are, Mr. Average American Citizen, and you'd admit it if you walked the streets of these Swiss towns. You'd know how to die, in a pinch; but any man knows that. This fellow knows how to fight.

The average Swiss man is better physically and as a soldier than the average American male, thanks to the system of compulsory military training in Switzerland.

Gets under the hide, a statement like this, but it's true. Every male Swiss can shoot straighter, run faster, march farther and endure more than the average male American. You have only to know what the Swiss is taught to do and what the average American isn't taught to do to realize that this is true.

Every Swiss school boy MUST go to a gymnasium. Every Swiss school MUST have a gymnasium. It doesn't matter whether it's a church school or a business college or a fancy, high-priced school for little Swiss Lord Fauntleroy; it MUST have a gymnasium.

In this gymnasium MUST be taught daily, certain exercises prescribed by the government. These are the highly scientific product of the deepest study in physical development.

The average American doesn't even know what these exercises are. Now and then, it is true, after he's fattening up at thirty, the American answers an advertisement and purchases some alleged scientific physical culture book and follows the instructions therein.

Any Swiss school boy of ten could teach him a world of valuable things in this line.

By the time a Swiss school boy is twenty he has developed his physique to the high point. He has made his body as fine and

strong as his particular body can be made. This has been done scientifically and meanwhile the call of his splendid muscles has driven him to football and other sports.

That crowded Polo Grounds in New York makes you sick, when you look over these Swiss. You couldn't get 10,000 healthy Swiss to sit around of an afternoon watching OTHER men play a game. Each man wants to play himself. Hundreds of little sport centers are always busy.

That cheering grandstand at the Polo Grounds, filled with men that couldn't run to first base without puffing, is a disgusting thought, here in the war country.

Anything in the world is better than that. Any pacifist must admit that even learning how to shoot, 'out in the country'—learning how to shoot with the intention of killing an enemy some day if you have to—is better than the average American's silly MENTAL participation in baseball. Or, if you're too much of a baseball fan, make it kelly pool.

The average Swiss boy can outshoot the average American boy.

The Swiss boy belongs to a rifle club in his neighborhood.

The club is supported by the community. His shooting costs him nothing. Let an American boy get the idea that he wants to be a sharpshooter. Where can he learn?

Where, in most cases, will he find the money to buy his rifle and ammunition? Rich American boys, true enough, have opportunity to learn the art of shooting. Good shooting is among the accomplishments of almost every rich American youth.

But the average American boy, no matter how deeply he may be stirred by his desire to learn how to defend himself and his country in war, is without a chance unless he later in life develops political or social ambition, and goes into the state militia.

In his shooting, as in his physical training, the Swiss youth finds a world of fun. There are shooting watches in various neighborhoods.

Finally, the champions of a canton are weeded out. They shoot against each other in semi-finals and every year at Berne there is a great national shooting match that draws throngs of husky shooting men from every corner of the little country.

Warlike sports, says the pacifist. Yes, but it's a sport that keeps Switzerland from war. And baseball and cricket never kept any country from war.

## THE JESTER.

Lexicography.

Mr. Popp—Here's a county out in Kansas where every ninth man has an automobile.

Johnny Popp—Oh, dad, is that what they mean by the submerged tenth?—Judge.

## A Simple Problem.

Anzac Lieutenant—The Turks are as thick as peas. What shall we do?

Anzac Captain—Shell them, you idiot; shell them!—Tit-Bits.

## Overcharged.

"Mercy!" ejaculated young Mrs. Kidder, in the midst of her reading. "Here is an account of a woman who sold her baby for 50 cents!"

"Oh, well," returned her bachelor brother who had, at sundry times cared for the children while his sister went shopping, "all kinds of swindles are being worked nowadays."—Kansas City Star.

## Even Up.

Work the spider, my son, spinning its web," said the instructive parent to his small son. "Is it not wonderful? Do you reflect that no man could spin that web, no matter how hard he might try?"

"Well, what of it?" replied the up-to-date offspring. "Watch me spin this top. No spider can do that, no matter how hard he might try."—Ladies' Home Journal.

## NOISY ACTOISTS.

To the Editor of The Tribune:

It would be to the best interests of the people should you, in the columns of THE TRIBUNE, call attention to the way thoughtless automobilists proceed through Lakeside park with too much speed and open mufflers; especially on Sunday while Professor Paul Steindorff is conducting one of his estimable concerts. Last Sunday, with a party of friends, we drove up to see near the band stand as possible in order to enjoy the music, but as scores of machines passed with open mufflers—this was impossible.

It was dangerous for women and children and infernal to use the crossing. A police officer should at least be stationed at the crossing nearest the band stand while the concert is in progress, it would surely prevent accident.

L. L. LOPINE.

Oakland, May 3, 1916.

## HE'S TO BLAME.

Ill Johnson, of California, says that the "G. O. P." must unite to down Wilson. "Well, it's up to Johnson. He was one of those instrumental in putting him where he is.—Philadelphia Inquirer.

## ONE IS TOO MANY.

The report that Villa has "a double" is disgusting. What we need in his case is subtraction not multiplication.—New York Sun.

## TWENTY YEARS AGO TODAY

Miss Idella M. Allen and W. H. Johnson were married recently in the First A. M. E. church on Fifteenth street.

Mrs. J. Mauvais gave a luncheon at her home on Thirteenth street at which the following were present: Mrs. Levi Priddy, Captain and Mrs. McGilvary, Mrs. Griffin, Mrs. H. E. Carlton, Mrs. P. C. Watson and Miss Eames.

Mr. and Mrs. Lowell J. Hurdy Jr. gave a reception at their home in East Oakland at which Mr. and Mrs. L. Gould, Mrs. and Miss Morse, Miss Robbins and Miss Gallup were present.

The second annual convention of the Epworth League started yesterday.

## YOUR GREAT HOUR.

Eternities went by in flight. And yet you rose not into light. The first stars showered upon the Void. And young heavens rose and were destroyed.

And still you did not rise to be. Your bubble did not break the sea.

But now that you have heard the Voice And risen to the world of choice. Now that the stars look down on you. What is the work that you will do—

What lofty life, what valiant deed— Ashine with splendor and with speed? The something, brother, to befit The offspring of the Infinite! —Edwin Markham in Nautika.

## FORGERIES IN RECALL CASE ARE ALLEGED

Complaint regarding alleged forgeries and irregularities in the signatures to the recall petition against City Commissioner F. P. Jackson was laid before District Attorney Hynes today by Attorney Charles A. Bearley, who represents Commissioner Jackson.

Assistant District Attorney James M. Koford, who is investigating the matter, has often recall affidavits which have been questioned by Dr. Jackson's constituents. It is claimed that in several instances the signatures on the affidavits do not correspond in likeness to those on the original affidavits of registration of voters, and that in others (X) marks have been used to denote signing.

According to Attorney Bearley, in one instance—the affidavit of Mrs. Willie Layton, Babb of the Rex Apartments, Tenth and Madison streets—she had signed the affidavit for a Mr. Thomas, who told her that she was to receive 10 cents a name, but that the affidavit showed the verification deputy signing the petition to be Dr. L. F. Herlick.

In another case, that of Mrs. Johanna Donohue, the signer claimed, she thought she was signing for the recall of Mayor Davis instead of Commissioner Jackson, according to Attorney Bearley.

Most of the questioned affidavits were procured by Edmund H. Albertson, a verification deputy whose address was purported to be at 2635 Twenty-second avenue. The address is that of a vacant lot, the police discovered when the search for Albertson commenced. Neither was his name found in the directory nor on file at the local postoffice, it was stated.

As the result of the investigation conducted by the district attorney it is possible that the whole matter may be referred to the grand jury.

So many names have been thrown out as a result of the alleged discoveries that, as a result, it is doubtful if there is sufficient time to secure the requisite number of signatures. In this event it is not improbable that the whole matter will be dropped.

City Clerk Cummings rejected 1313 certificates from the petition filed ten days ago by Dr. Anthony, leaving 4709 signatures to the petition. To make the petition mandatory the recallers must bring this number to 6475 and must therefore file over 1760 new certificates. Allowing for the fact that after these are filed the city clerk has another seven days in which to weed out the irregular ones and for the fact that there are daily withdrawals the recall forces will have to get between 2000 and 3000 new signatures to be on the safe side.

## St. Andrew's Society Plans Benefit Dance

Several artists well known locally will appear in concert in the St. Andrew's Society hall in the evening of May 10th, at a benefit concert and dance for the relief fund of the St. Andrew's Society of Oakland. Among those who will be heard are Miss Sylvia Garrison, contralto; Miss Mary Alwood, cellist; Miss Alice Martin, soprano; Frank Todd, baritone; George Hall, baritone; William Moir, tenor; John Dick, elocutionist; and the members of a male quartet. Dancing will follow the musical and literary program.

## Wife Reconciled to Husband's Children

Discord between Nicholas Mitchell, a wealthy contractor, and his wife Anna Mitchell over his five children by a former wife, which led to her being granted an interlocutory decree of divorce, has been quieted and the case dismissed. Counsel for Mrs. Mitchell appeared before Superior Judge Harris today and stated that the differences between the couple had been adjusted.

## Woman Is Injured in Collision of Autos

When two automobiles collided on fourteenth street last night, Mrs. Swift, 22 years of age, of the Hotel A. A. incurred severe injuries which included a deep gash on her chin and another over her right eye. She was taken to the Emergency Hospital and later removed to the Pablos Hospital under the care of Dr. Kegan.

## Belgian Market Mecca of Society Plans Complete for Big War Benefit

MRS. CHARLES PARORELLS, WHO IS AIDING IN ARRANGEMENTS FOR BELGIAN RELIEF MARKET.

## City Hall Park to Reproduce Old Bruges of Days Before Invasion

Carpenters, decorators and scene painters will tomorrow swarm over the city hall square. When they leave it, late tomorrow night, the triangular lawn will be a replica of Bruges of the old days, ready for the great Belgian Relief Market that opens Saturday morning, when more than 300 society women will sell household goods and other articles to aid suffering children in the war-stricken nation.

Pretty girls will sell candies and popcorn, delicatessen and clothing. In fact, the market will see every article of general household use for sale, as well as a variety of food, from asparagus to aspic.

Society women will reign as cooks in the various food booths. Several special booths, in which elaborate costumes and remarkable settings will be seen, are also scheduled.

The reports of all booth holders were made yesterday at the general meetings of the committees in charge of the work, and preparations made for tomorrow's beginning of construction work. The market will be opened by the Oakland Boys' Club Band, which, with the University of California Marching Club, will furnish music during the affair. The center of the park will be floored with election booth platforms. These will be used for bandstand and also for the outdoor luncheon. The old oak in the center of the lawn will be hung with flags and bunting that will hide its dried and dead branches.

Theatrical stars are to aid the society women in selling goods for the Belgian benefit. May Robson will assist in Mrs. Walton Moore's booth for a part of the day, and will also be in Mrs. Tyler Henshaw's booth for part of the day. Little Lord Roberts, smallest comedian in the world, has promised also to assist in selling goods in some of the booths, and other theatrical stars also plan to be at the market.

Mrs. Moore, with Mrs. Edward Garden, will direct the booth of children's amusements. Fish ponds and other attractions will be operated by attendants in Toyland costume. Mrs. F. M. Smith will direct the "bakery," where bread and rolls will be sold. Mrs. William Thornton White will direct a delicatessen booth, and Mrs. Kendall Morgan will sell poultry.

A unique booth will be the tamale booth of Mrs. W. E. Dargie. The attendants will be in Spanish costume, and Spanish singers and dancers will perform during the day. Everything in the booth will be Spanish, the visitor to be almost literally transported to the land of the Castilians when he enters the place.

Mrs. Wickham Havens will direct a cake booth, where quaint products of the bakeries and confectioners of Harry East Miller will direct the peanut and popcorn stand, Mrs. Fred Sherman will rule the "pie counter," and Mrs. Warren Harrold will sell ice cream. Mrs. J. P. H. Dunn will sell vegetables.

All goods will be sold at the exact market price, according to the reports of the committees. Mrs. Villard Williamson presided at yesterday's meeting, where the various details were outlined.

## LORIMER TO ENTER RACE FOR SENATE

CHICAGO, May 4.—William Lorimer, former United States Senator, just acquitted of a bank fraud charge, announced today that he would run again for the Senate.

Lorimer announced also that he would devote his life to the payment of debts for which he holds himself responsible as a result of the failure of his La Salle Street Bank.

This decision was announced following Lorimer's acquittal on a charge of violating the state banking laws and the criminal laws in connection with the bank smash. The verdict was returned at 12:30 o'clock this morning. When the clerk announced the verdict spectators in court cheered and swarmed around Lorimer, shaking his hand and pounding him on the back in congratulation.

Lorimer thanked the jury then said in a trembling voice that he would devote every penny he could earn, aside from what he needed to support his family, to paying back the losses incurred by depositors in the bank.

## HIS CAREER BROKEN.

The indictment of William Lorimer and thirteen of his business associates for conspiracy in connection with the failure in Chicago in June, 1914, of the La Salle Street Trust and Savings Bank and the subsequent closing of nine other banks and trust companies controlled by the Lorimer-Munday confederate, ended Lorimer's meteoric career as a financier and one of the Republican dictators of Illinois. Charles B. Munday, said to have been directing influence in the Lorimer-Munday string of banks, was found guilty of conspiracy November 19, 1915, after a trial at Morris, Ill., the case having been transferred from Cook county on a change of venue on condition of a fine.

William Lorimer's rapid rise from a Chicago newsboy to a seat in the United States Senate and his fall when his seat was declared vacant on the ground that his election had been procured by fraud and bribery, form an interesting chapter in the political history of Illinois. Nearly a year after Lorimer's election to the Senate Chas. A. White, a member of the legislature, who had voted for Lorimer, made a written confession under oath that he had received a bribe for his vote and that a "kick" of \$100,000 had been used in the session to influence legislation.

## SON OF IMMIGRANT.

Lorimer was born in Manchester, England, in 1861, the son of a Presbyterian minister, who emigrated with his family to this country and settled in Chicago when young Lorimer was 9 years old. He sold newspapers on the streets of Chicago, drove a laundry wagon and became a street car driver before he entered politics. He served two years in Congress before he was elected a United States Senator, May 25, 1909.

Munday was a messenger boy and then became a telegraph operator in his home town of Litchfield, Ill. Later he became interested in the grain business and moved to Chicago, and induced Lorimer to enter a bank with him. May 10, 1910, the La Salle Street National Bank opened its doors with William Lorimer president and Charles B. Munday vice-president. October 1, 1912, the La Salle Street National Bank was merged into the La Salle Street Trust and Savings Bank, a state institution. The state bank assumed all liabilities and assets of the national, keeping the same capital of \$1,000,000 and the same surplus of \$250,000. In the course of the next year Lorimer and Munday's neighborhood banks were organized in Chicago by Lorimer and Munday and became known as subsidiaries of the La Salle Street Trust and Savings Bank. In addition to these Munday was interested in several dowstate banks which were merged into the La Salle Street Trust and Savings Bank.

ALL LAWS "BROKEN." The fourteen persons named in the indictments were alleged to have looted the Lorimer-Munday institutions of practically every banking law in the state.

It was charged that assets of the La Salle Street Trust and Savings Bank had been used to organize the subsidiary banks, that checks had been "kited" in carrying out the plan and that the parent bank had been insolvent for some time prior to its collapse.

State's attorney Heyne planned to try all the defendants together. The defendants opposed this and entered motions for separate trials. When these were overruled by the courts Munday asked for a change of venue on the grounds of prejudice and the case was sent to Morris, Grundy county, for trial.

## Insurance Refused on Auto Used as Jitney

That jitney buses are not good risks for the insurance companies has been brought out in a suit to collect \$380 damages brought by H. F. Campbell against the Home Fire Insurance Company, Superior Judge Brown having taken the case under consideration. Campbell's auto burned and the company refused payment on the grounds that the fact of the car being in the jitney service had not been made known to them.

## JOY-RIDERS PREY IN NEW CAMPAIGN

"Rough-house" joy riders and other reckless motorists, who are often the cause of serious automobile accidents, will soon be nuisances of the past, according to Deputy District Attorney M. J. Clark, who today inaugurated a campaign against motor speeders.

"Motorists with a tendency to speeding and reckless driving are learning their behavior will not be tolerated," said Clark in paying a tribute to the work of the motor traffic officer.

"Despite the large increase in the number of automobiles in Alameda county during the past year the proportion of auto accidents as compared with previous years shows a marked decrease," continued Clark.

## CARELESSNESS IS CAUSE.

"Accidents that happen nowadays on the county roads are not due so much to speeding, for that tendency is being curbed, as to the breaking of some parts of the machine or to carelessness or inexperience of the drivers. Many, in fact most of those motorists arrested for speeding are inexperienced drivers and are caught as they try experiments with the speed powers of their cars."

"The decrease in the number of auto accidents in Alameda county has been noticeable for two and a half years when speed 'cops' were employed to try and put a stop to motorists driving at a dangerous rate. The fact that there are 30,000 more automobiles in California than there were a year ago, of which Alameda county has its full share, and that there were fewer accidents of a serious nature in this county than in previous years, is a tribute both to motorists and to traffic officers."

## LARGE NUMBER FAUL.

That fast speeders escape punishment is shown by the large batches of motorists who appear weekly before the Alameda county courts. These are, however, a remarkably small percentage of the thousands of motorists who use the county roads daily. Twenty-five speeders will be dealt with by Justice of the Peace Mattox at Centerville today, against forty speeders who were haled before him last week.

### WHAT IS DOING TODAY

Supervisors meet.  
Board of Education meets.  
Hayward Fair, N. S. G. W., give minstrel show to Alameda County Elks, Elks' Hall, Oakland, this evening.  
Stephens bill discussed at luncheon, Chamber of Commerce.  
Rev. Thomas Barrett lectures, St. Mary's Church, evening.

Building Laws committee meets Chamber of Commerce, 12:30 p. m.  
Tourist Association of California, Chamber of Commerce, 12:30 p. m.

Advertising Bureau, Chamber of Commerce, 3 p. m.

## Hobos Raid Town as Deputies Raid Camp

While deputy sheriffs last night were raiding a hobo camp near Hayward, the former inmates of the camp were busy in the town carrying off \$1000 worth of merchandise from the store of John Correll. The back door of the place had been forced and a large quantity of loot taken. It is believed by the authorities that a number of men participated in the burglary. Deputy Sheriff Brown and Joe Soares are investigating with a view of routing every hobo camp from the county.

## Boni Fails to Annul Wedding Count Tries Again to Be Single Man

ROME, via Paris, May 4.—The validity of the marriage of Count Boni de Castellane to Anna Gould, now Duchess Tallyrand, was confirmed today in a decision by the commission of cardinals appointed to consider the claim of the count for annulment of his marriage.

Count de Castellane has appeared several times to the Vatican for a ruling that his marriage was invalid. His last appeal, which has now been decided against him, was filed in January of this year.

## SUES SISTER-IN-LAW.

Mrs. Inez Medeiros, 1038 Forty-eighth avenue, has filed suit in the Superior Court against her sister-in-law, Mrs. Mary Hubbell, to prevent her from collecting a \$1000 insurance policy left by the late Joseph Medeiros.

## TEARS FALL WHEN HAASE ASKS MERCY

SAN FRANCISCO, May 4.—With quaking steps, quivering body and tear-filled eyes, William Haase walked from a cell at the city prison to the visitors' room this morning, and with a voice choking with emotion, which at times almost prevented articulation, expressed contrition for the shooting of Charles O. Swanberg, proprietor of the Portola Louvre Cafe.

"All night long on my knees have I prayed for forgiveness," he said.

(Continued on Page 18, Col. 3)

## TAFT & PENNOYER

### COMPANY

## WHITE DRESSES

### For Confirmation and Graduation

Sized 6 to 14 Years.

These Dresses arrived yesterday. They represent the daintiest collection we have ever shown. The materials are principally voiles, organdies and nets. ## AROUSE INTEREST IN SAN JOSE FETE

### Delegation in Oakland to Tell of Plans for the Round-Up.

Headed by Senator Louis O'Neill, a delegation from San Jose visited Oakland today to arouse interest in the annual California Round-Up to be held in their city on July 1, 2, 3 and 4.

Stockmen and riders from all parts of the State and visitors, attracted by the fame of the San Jose Round-Ups in the past, are expected to join in making the affair this year of greater proportions than ever before. San Jose is backing its celebration with an expenditure of \$25,000 and has announced that all of the proceeds will go to charity. It is the fact that no one is to be compensated for his participation and that there is to be no personal profit that gives to this round-up a unique position among civic celebrations.

**SUPPORT IS GIVEN.**  
The San Jose delegation is enthusiastic over the support and interest shown in Oakland and nearby places. It is announced that the Stockmen's Association of Livermore, of which James McIlhenny is president, will attend in a body. One hundred and thirty horsemen will ride to the round-up from Walnut Creek and other places will furnish enough to make it a truly spectacular event. Monterey counties will have the largest delegations present.

**EXPECT 50,000.**  
The round-up last year held in Luna Park was a great success. Estimates based on experience gained a year ago, place the number of strangers who will visit this year's celebration at 50,000. Races, bronco busting, roping, contests of many kinds and amusements typical of the west and California will be featured on the program.

The San Jose delegation to visit Oakland today included F. E. Chapin, M. J. Brown, Leon Jacobs, Frank Smith, Thomas Ricks, Felix Gunn, L. D. Hobb, Dr. R. M. Brown, Fred M. Starn, William Starn, Raymond Hicks, J. B. Shea, Joe T. Brooks and Louis O'Neill.

## Simple Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning wash, if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single dandruff trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. Advertisements.

# Blue Bird Bureau

Department of Good-Fellowship

We want a stove. No, we don't want it exactly, but an old woman wants and needs it, and we would like to give her one. She is really a very old woman and lives all by herself, and the little stove which she has now is really in very bad condition. The oven is all worn out and she cannot use it at all in fact, the whole stove is worn out. It probably was alright in its younger days, but it is not of much use now.

This old woman who is an optimistic and happy old soul for all that she has been through, says that she would just as soon have a man around the house as the stove, because it smokes all the time. But really she does need a stove and needs one badly. A small cook stove is what she wants, because she is all alone and a big stove would be unnecessary, although most any kind would do, for she could probably trade it off for a small cook stove.

We would like to do something to make this old woman's last days as happy as possible. She has a very hard time to get along, but with all of her struggles, her ups and downs, and her old age, she is very cheerful through it all and very uncomplaining. Can't we help her out?

The woman that we told you about some time ago as being in the hospital in a free bed, and the husband occupying a free bed in a hospital in San Francisco, is to come out of the hospital in a very few days now, and we are sorry to say that we have not quite enough furniture to set up the little rooms that are

**"THE BLUE BIRD FOR HAPPINESS."**  
"Heads up, work hard, keep smiling and lead a hand"—that's the motto of the Blue Bird Bureau, THE TRIBUNE'S Department of Good Fellowship. To help people who are willing to help others just have to go about it without putting a tax on any one to provide happiness swiftly without publicity, to make life brighter and give childhood its brightness—that is the purpose of the Blue Bird Bureau. If interested, phone Lakeside 6000.

to be rented for her. What we still need are a few chairs, a table of some kind and perhaps a small rug or two.

All the Good Fellows of Oakland have very admirably come to our assistance in this case, for we have received a bed, a mattress, springs and comforters, a couch, a stand, a chair or two and some pictures. This we are all very grateful for, but if we could just get another chair or two and a table, the whole outfit will be practically complete.

This woman is going to have a very pleasant surprise when she comes out of the hospital, for she doesn't know of all the good that is being done for her. She has a tiny baby now, now about two weeks old, and it might be a good suggestion that a crib or baby buggy would certainly be of great use.

## Costa Rica Shake Did Slight Damage

NEW YORK, May 4.—Only slight damage was caused by the earthquake of April 30 in Costa Rica, according to wireless reports and private telegrams received here today by the United Fruit Company. The interruption of telegraphic communication between Costa Rica and Salvador, as announced in a cable dispatch received yesterday from San Salvador, was due to static conditions arising from heavy storms, according to the company's notices.

## FASHION SHOW TONIGHT

The stage is set for the spectacular Outdoor Sports Fashion Show, which will be held tonight at the Oakland Auditorium in conjunction with the Pacific Coast Motor Power Show. Keen interest is being taken in the production, to be given for the first time west of Chicago, and it is estimated that close to 10,000 people will throng the balconies and find vantage points on the main floor to see the seventy-five beautiful professional models posing in the latest fashions in motor, riding, hunting, driving, tennis, golf and walking costumes. East Bay society women are taking an active interest and will be out in force tonight, among the patronesses being many of the social leaders.

## BARTOW DITCHED DIVORCED

Dr. John B. Mason, a physician of Bartow, has been divorced by Eunice Mason, who alleged cruelty. She was granted \$100 per month alimony.

## License Destroyed, Police Close Saloon

Corporal Peter Van Houtte last night closed the Seattle bar, Sixteenth and Broadway, when the persons in charge of the place were unable to produce the license upon his demand. The place is in the hands of a receiver, and the police were informed that the license had been destroyed in the altercation between the proprietor and the receiver. The matter will be carried to the City Council.

## THIEF AT APARTMENTS

A sneak thief used a skeleton key to enter the rooms of P. S. Miller, of the Arco apartments, Fifteenth and Madison streets, and stole jewelry valued at \$500 last night. The police were notified and an investigation is being made. Burglars pried the lock from the front door of the store of A. T. Mitchell, 2318 East Fourteenth street, and stole nine boxes of cigars from the place.

## COMMISSIONERS TO MEET

WASHINGTON, May 4.—State agricultural commissioners met here today to organize a national chamber of agriculture in the interest of scientific marketing of products and to urge passage of a bill to provide for its federal incorporation.

## DIES ON BAY

Gustav Johnson, 1011 Center street, a fireman on the Southern Pacific ferryboat Thoroughfare, died of heart failure while on the trip across the bay last evening. Johnson was 35 years of age, a native of Sweden and is survived by a widow.

## Isabellas Have Dance Baby Hospital Benefits

MISS ALICE JOY CLARK.

## Members of Society Give Time to Charity

The Daughters of Isabella were hostesses last evening at a dance given in Wigwam hall for the benefit of the baby hospital. The committee in charge included a number of the members of the order, with Miss Alice Joy Clark as one of the leading workers.

## Old German Steamer Is Sold for \$1,000,000

SAN FRANCISCO, May 4.—The American steamship Republic, formerly the German steamship Walcott, has been sold to eastern buyers by Sudden & Christensen for approximately \$1,000,000, according to announcement by the firm yesterday. The Republic, now in port, will steam tomorrow for Vancouver, B. C., to load cargo for Vladivostok. After discharging cargo at the Siberian port the Republic will return to San Francisco and be turned over to its new owners some time in July.

## Antioch Postmaster Faces Shortage Charge

SAN FRANCISCO, May 4.—J. P. Saunders, postmaster of Antioch, who was indicted by the United States grand jury Monday for embezzling government funds, has been arraigned.

A year ago Saunders was short in his accounts, but was shown leniency by the postal inspectors, who allowed him to make good the shortage and continue in office. Saunders is well known at Antioch. He is a bank teller before a justice of the peace, and will be taken before Judge Dooling to plead to the indictment.

## Women Attacked by Thug on Road

MARTINEZ, May 4.—Mrs. Emma Gotham and her granddaughter, Mrs. Mary Myers, were attacked by an unidentified man yesterday on the road between the Shell Oil Company's plant and Martinez. Mrs. Myers is a telephone operator at the plant, being off duty at midnight, and Mrs. Gotham had gone for her granddaughter, a usual custom, driving a horse and buggy.

The two women notified the sheriff's office of the nature of their attack. William Venie, and Deputies Dike Smith and Don Williams rushed to the scene in an automobile, but could not locate the man. Gotham has recovered from the beating. The man did not name himself or valuables, according to the woman.

## Took Stranger In, Then Is Taken In

SAN FRANCISCO, May 4.—Frank Kent, an inspector for the Chicago Indianapolis and Louisville railway, stopping at the New Western Hotel, was robbed of all of his money and his return pass to his home in Indianapolis by a down-and-outter whom he encountered on a west-bound Santa Fe train. Kent took pity on the man, who gave the name of Harry Arnold, when he discovered that the latter was penniless. He took him to the hotel and shared a room with him. Last night both retired early and at 4 o'clock this morning Kent awoke to find that Arnold was gone. A gold watch and chain valued at \$60, \$25 in coin and a railroad ticket was also missing.

## Silva Admits Killing Man; Woman Cause

STOCKTON, May 4.—J. G. Silva, also known as Jack Fernandez, made a complete confession to the sheriff and district attorney of Calaveras county that he is the man who killed George Schwoerer at Angels Monday night, with a prospector's pick. Silva admits having had relations with Schwoerer's wife, an Irish-born Indian, and claims that she spurred him to slay her husband.

Silva also admits that he made a previous attempt to slay Schwoerer last Friday night as he slept with his wife. Silva missed the bedroom window and fired from the outside, but he and his wife were poor and Schwoerer suffered only a superficial wound.

Silva himself is a half-breed, 22 years old.

## LEGAL NOTICES

**RESOLUTION OF INTENTION**  
NO. 12557 N. S.  
RESOLUTION OF INTENTION TO IMPROVE HARVEY AVENUE BETWEEN 4TH AND 10TH STREETS, TO BE DONE IN ACCORDANCE WITH THE PROVISIONS OF THE IMPROVEMENT ACT OF 1911 OF THE STATE OF CALIFORNIA, AND IN ACCORDANCE WITH THE APPLICABLE ORDINANCES OF THE CITY OF OAKLAND, AS FOLLOWS:  
That it is the intention of the Council of the City of Oakland to order the following street work to be done in said City in accordance with the provisions of the Improvement Act of 1911 of the State of California, and in accordance with the applicable ordinances adopted for this street work by said Council by Resolution No. 12557 N. S.  
That a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; also that a lamp pole with a top of brick and cast iron, be constructed at the northwestern end of said sewer; also that a sewer, having a diameter of 36 inches, be constructed along the center line of Harvey Avenue; also that a brick manhole with cast iron top be constructed at the southeastern end of said sewer; ## HAASE WEEPS IN HIS PRISON CELL

Waiter Pleads for Pardon and Prays for His Victim.

(Continued From Page 13)

I prayed for Swenberg's recovery," said Haase. "I am anxious to get out of here—first, that I may see my wife and children, and second, that I may shake hands with Swenberg."

Haase asked me to forgive me. I have tried to control myself, but the tears will come. My voice has gone hoarse on me. My heart is choked with emotion. I cannot speak, I cannot think, I cannot do anything with this awful suspense hanging over me. I want to take Swenberg into my home. I want my wife to know him back to health. I want pardon for shooting him. It was a terrible thing. He says he has forgiven me, and I have forgiven him the wrong I did. He has had me down. If I can only see him. If his life can only be saved. I will spend my life in trying to make him happy and will touch my children to minister to him."

Haase was overcome this morning and had to be assisted back to his cell. It is expected that Swenberg will be one of his bondsmen in the \$10,000 cash bail to the amount of \$10,000 cash. \$2,000 bonds, can be furnished today.

Dr. F. C. Keck and Haase's brother-in-law, Adolph Delebar, are buying themselves today in an effort to procure bail.

"Tom Adler," San Francisco, where Swenberg is being cared for, but the bail was issued this morning to the effect that he was in fine condition, and the physicians would be surprised if he did not recover.

## THE TRIBUNE'S PAGE OF BUSINESS, MARKETS AND FINANCE:

## LITTLE INTEREST IS SHOWN IN STOCKS

Prices Move Irregularly Within Narrow Range on Most Issues

NEW YORK, May 4.—Little interest was manifested and there was nothing of importance in the early trading. Prices moved irregularly within a narrow range with the exception of Industrials. Lanning's announcement that he had received word to the effect that General would forward the German reply today brought the trading elsewhere almost to a standstill.

Naturally the public, which had little or nothing to do with the market since the international crisis assumed its acute phase, continued its waiting attitude. Dealings were wholly professional. Even traders showed a disposition to hold off until they could obtain a definite line on the character of the reply. Activity centered in a handful of stocks.

Prices backed and filled throughout the session, making little progress in either direction until early afternoon, when the sagged. Reactionary tendencies were more pronounced in the late dealings.

AMERICAN STOCKS IN LONDON.

LONDON, May 4.—American securities opened a fraction lower, showed no recovery and closed dull.

Movements on the London Stock Exchange today were: Declines, Atchafson 1, Erie 1/2, Southern Railway 1/2, Southern Pacific 1/2, Union Pacific 1/2, United States Steel 1/2; Advances, Missouri, Kansas and Texas 1/2.

PROFESSIONAL COMMENT.

New York Commercial says: Following such a sharp advance as the market has had the last few days, a reaction was natural, especially in view of the uncertainty surrounding the international situation. Market acted yesterday as it should.

NEW YORK STOCK RANGE.

The following quotations of prices of stocks and bonds on the New York Stock Exchange are from E. F. Hutton & Co.'s private wires, members of the New York Stock Exchange, with offices at the First National Bank building:

Stocks	High	Low	Mid	Ask

## Aged Man Kills Self by Electric Switch

PORT JEFFERSON, N. Y., May 4.—William G. Wheeler, secretary and general manager of the Port Jefferson Electric Company, committed suicide today by placing his hands on the two main

electric switches at the plant and electrocuted himself.  
Coroner Gibson said he had learned Wheeler had been worrying recently over two damage suits brought against the company by relatives of men who had been accidentally electrocuted. Wheeler, who was 64 years old, also was secretary and general manager of the Port Jefferson Water Company and the Port Jefferson Milling Company.

## AUTHORS KILLED IN MOTOR ACCIDENT

Stanford Graduate and New York Man Are Victims.

LOS ANGELES, May 4.—Malcolm W. Strong, Stanford University graduate and playwright, and Clinton H. Stagg, an author of New York, were killed last night when an automobile driven by Stagg burst a tire and overturned on a county road near here.

George Foster Platt, former stage manager for Winthrop Ames, owner of the New theater and the Little theater in New York, another passenger in the machine, was seriously injured.

The machine rolled over on the occupants, crushing them, according to the stories of persons arriving on the scene shortly after the accident.

Strong suffered a fractured skull and his body was crushed. Stagg's neck was broken. Platt incurred a broken arm and possible internal injuries. His condition was critical. It was stated at the hospital where he was taken after the accident.

The bodies of Strong and Stagg were identified at the undertaking establishment, where they were taken by Grant Carpenter, of this city, a friend of both men.

Strong, according to Carpenter, came to Los Angeles from San Francisco about six months ago. He was connected with the Universal Film Company, writing scenarios for a time, but lately he has been a free lance. He was known as a writer of short stories and vaudeville sketches. He was 31 years old and a member of the San Francisco Press club.

Strong's parents reside in Plainfield, N. J. His father has a law office in New York.

Little is known of Stagg here. He came to Los Angeles a short time ago with Platt, who recently took charge of the scenario department of the Jesse L. Lasky company. They were being made to reach Stagg's wife, who is thought to reside in New York city.

## Wickersham Protests Impeachment Plan

WASHINGTON, May 4.—A protest against the impeachment proceedings against United States Attorney Marshall of New York, filed with Speaker Clark today by George W. Wickersham, former attorney-general, in behalf of the New York County Bar.

The communication said the bar had no desire to express an opinion on whether Mr. Marshall was in contempt of the house for his recent criticism of a sub-committee, but it asked the house to consider the effect "upon the administration of criminal justice of a legislative proceeding undertaken at the instance of a member of Congress indicated or about to be indicted, and in investigating the United States Attorney under whose direction the indictment has been or is being prosecuted before the trial of the member who has been indicted and in reference to the very subject of the indictment."

## Mayor Gill Orders Blind Pig Demolished

SEATTLE, Wash., May 4.—"Smash everything, including the fixtures in all so-called drug stores which are really saloons," were the orders of Mayor Hiram C. Gill to the police today.

"I am willing to take my chance with any jury if those fellows go into court and claim damages," said the mayor. "No sensible man believes that a drug store that carries \$2000 worth of liquor is conducting a legitimate business. My directions to the police are to make it plain to the bootleggers that this is not a kid glove campaign. Chief of Police Buckingham acted with my approval when he cleared up the Stewart Street Pharmacy Tuesday night."

"The bootlegging business is getting less easy, and it will be more and more difficult from now on."

## Jewels Hidden in Chimney; Are Lost

FRESNO, May 4.—Between \$5000 and \$6000 in jewelry and \$300 in bills were stolen from a secret hiding place in the home of S. N. Griffith, Fresno capitalist, at 6 o'clock last night, and the house was set on fire to evidently hide trace of the theft.

The police are making a search for Charles Wong, Chinese chauffeur for Mr. Griffith, who was discharged recently in San Francisco after he ran their large limousine into a street car.

Mrs. Griffith hid her diamonds and money in a large bucket, tied a string around the pall and dropped it down the chimney flue. She says that she was the only one that knew of the hiding place.

Last evening, while in the front yard, she noticed smoke pouring out of her bedroom window. She investigated and found the large bucket on the floor filled with burning newspapers.

## FEEL YOUNG!

It's Dr. Edwards' Olive Tablets for You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take your medicine in hand. Conax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the bowels with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels, their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them at their color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. It's just the best all-around drug.

The Olive Tablet Company, Columbus, Ohio.—Advertisement.

## Couple Start on Last Lap of Long Trip

PORTLAND, Ore., May 4.—Mr. and

Mrs. Henry Warrington started yesterday from here on what will be the last leg of an all-water trip from a point practically at the Montana line in Idaho to San Francisco. So far as is known

here they are the first people to make such a trip.  
The Warringtons have a mine near Salmon City, Idaho. They came by flatboat down the Salmon river to Lewiston, a distance of 230 miles, through treacherous rapids navigable by no other

of craft. From Lewiston to Portland they came by river steamer. From here they embarked on the steamer F. A. Kilburn for San Francisco.

## Player Music CLEARANCE

A miscellaneous assortment of hundreds of 88 and 65-note Rols, embracing every kind of music—Classic, Sacred, Operatic and Dance. The Rols are absolutely new and their playing condition is guaranteed.

Formerly 50c to \$2.50

25c Each

or

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising: a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach, or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Advertisement.
